

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

### Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

# PROCLAMATION.

State of Delaware, Executive Department

Dover, Delaware, May 28th, 1906.

I, Preston Lea, Governor of the State of Delaware, under and by virtue of Section 16 of Article III of the Constitution of the State of Delaware, which provides as follows :

"Section 16 He (the Governor) may on extraordinary occasions convene the General Assembly by proclamation; and in case of disagreement between the two Houses with respect to the time of adjournment, adjourn them to such time as he shall think proper, not exceeding three months. He shall have power to convene the Senate in extraordinary session by proclamation, for the transaction of executive business."

Do issue this my proclamation to convene the General Assembly of the State of Delaware, at Dover, the Capital of the State, on Thursday, the 31st day of May, A. D. 1906, at twelve o'clock noon, to consider and act upon the following matters and subjects of legislative business, to wit :

I. To re-adopt and establish the following amendments to Article IX of the Constitution of this State, viz:

"That all of Section 3 of Article IX of the Constitution of this State after the word "corporation," where it occurs the second time in Section 3, be stricken out. That Section 6 of said Article IX be stricken out and in lieu thereof substitute and adopt the following, viz:

Shares of the capital stock of corporations created under the laws of this State, when owned by persons or corporations without this State, shall not be subject to taxation by any law now existing or hereafter to be made; concerning which there appears to have arisen some doubt as to whether the same was legally adopted by General Assemblies of 1901 and 1903, respectively, and the firm establishment of which is important to the successful operation of the General Corporation law of this State.

II. To consider and act upon certain amendment to the Franchise Tax Law of this State for the purpose of enabling the State to collect a large amount of unpaid franchise taxes due by

corporations organized under the General Corporation Law of this State and transacting their business without the limits of this State.

III. To ballot for and elect a Senator of the United States to fill the vacancy now existing in the representation of this State in the Senate of the United States, in accordance with the provisions of the Acts of Congress touching the same.

In witness whereof, I have hereunto set my hand and caused the Great Seal of the State to be hereto affixed this twenty-eighth day of May, in the year of our Lord  
 [Seal] one thousand nine hundred and six, and of the Independence of the United States of America, the one hundred and thirtieth,

PRESTON LEA,

Governor.

By the Governor:

JOS. L. CAHALL,

Secretary of State.

#### GOVERNOR'S MESSAGE.

To the General Assembly of the State of Delaware.

Gentlemen :

I have convened you in extraordinary session because I judged it expedient to recommend to you, for your favorable consideration and action, the several measures set forth in my proclamation assembling you.

The first measure set forth in my said proclamation is "To re-adopt and establish the following amendments to Article IX of the Constitution of this State, viz:

"That all of Section 3 of Article IX of the Constitution of this State after the word "corporation," where it occurs the second time in Section 3, be stricken out. That Section 6 of said Article IX be stricken out and in lieu thereof, substitute and adopt the following, viz :

Shares of the capital stock of corporations created under the laws of this State, when owned by persons or corporations without this State, shall not be subject to taxation by any law now existing or hereafter to be made, concerning which there appears to have arisen some doubt as to whether the same was legally adopted by the General Assemblies of 1901 and 1903, respectively, and the firm establishment of which is important to the successful operation of the General Corporation Law of this State.

The above amendments were proposed to the Constitution by the General Assembly of 1901, and agreed to by two-thirds of all the members elected to each House thereof, a ye and nay vote being taken. They were, however, incorrectly enrolled. The General Assembly of 1903, a ye and nay vote being taken, by the votes of two-thirds of all the members elected to each House thereof, agreed to the amendments so proposed and adopted in 1901. The defective enrollment of the amendments has produced grave doubts as to whether they have been legally adopted or not. The result of these doubts is that the stockholders and officers of Delaware corporations are uncertain as to what their rights, duties and powers are. It is important to the successful operation of the General Corporation Law of this State, that these amendments should be adopted.

The second measure mentioned in my said proclamation is "To consider and act upon certain amendments to the Franchise Tax Law of this State for the purpose of enabling the State to collect a large amount of unpaid franchise taxes due by corporations organized under the General Corporation Law of this State and transacting their business without the limits of this State."

It appears by the official records of the State Treasurer that there is due the State from certain Delaware Corporations, whose charters have become void by operation of law, the sum of \$632,360.40. All of this money could not have been collected by any method prescribed by existing law. The payment of a large part of the sum could, however, have been enforced if there had been adequate law for it. Much of this sum can still be collected if you shall, at this session, make due, proper and apt provision for it. Bills will be submitted to you at this session, which I am advised, will enable the State to fully enforce its rights in the matter. This is most important for your consideration and action, as the expenses of the State are naturally bound to increase from

year to year, and to meet this increase, additional revenue must be provided.

The third subject matter mentioned in my said proclamation is "To ballot for and elect a Senator of the United States to fill the vacancy now existing in the representation of this State in the Senate of the United States, in accordance with the provisions of the Acts of Congress touching the same."

The Constitution and Laws of the United States provide for, require and demand full representation from each of the several States in the Senate of the United States. Under the provisions of the Constitution of Delaware the duty is imposed upon you to carry with effect the provisions of the Federal law on this subject.

The performance of this duty now rests with you.

PRESTON LEA,  
Governor.

On motion by Mr. Abbott 500 copies of the Governor's Message were ordered printed.

On motion of Mr. Wilson the House took a recess until 1.30 o'clock.

---

Same Day—1.30 o'clock.

House met at expiration of recess.

Mr. Abbott gave notice that on to-morrow or some future day he would ask leave to introduce a bill entitled :

An Act to amend an Act entitled an Act to raise Revenue for the State by taxing certain Corporations.

Mr. Benson gave notice that on to-morrow or on some future day he would ask leave to introduce a bill entitled :

An Act relative to the Expense of investigating corporations delinquent in making returns.

An Act to provide for the collection of the Revenue of the State.

Mr. Lyons gave notice that on to-morrow or some future day he would ask leave to introduce a bill entitled :

An Act to increase the power and authority of the State Treasurer in the collection of the revenue of the State.

Mr. Goslee, Clerk of the Senate, being admitted, informed the House that the Senate had passed the following resolution :

Be it resolved by the Senate that the President is hereby authorized and directed to appoint a committee of two on the part of the Senate to act with a like committee of three on the part of the House, which committee is hereby instructed to notify the Governor that both Houses of the General Assembly are duly organized and ready to receive any communication he may send them and the clerk is instructed to notify the House of the adoption of the resolution and the names of the Senate Committee so appointed by the President.

Members of Committee—Messrs. Monaghan and Moore.

Mr. Goslee, Clerk of the Senate, being admitted, informed the House that the Senate had passed and requested the concurrence of the House in the following joint resolution :

Joint Resolution entitled :

Senate Joint Resolution No. 1:

Providing for an adjournment of the General Assembly until Monday, June 11th, A. D. 1906.

And presented the same to the House.

Mr. Abbott presented a joint resolution.

**Senate Joint Resolution No. 1, entitled:**

**Providing for an adjournment of the General Assembly until Monday, June 11, A. D. 1906.**

Mr. Abbott moved that the resolution be adopted.

On the question, Shall the Joint Resolution be adopted?

The yeas and nays were ordered, which being taken, were as follows:

**Yeas**—Messrs. Abbott, Armstrong, Baggs, Bennum, Benson, Davis, Eastburn, Garrison, Jester, Lingo, Lyons, Messick, Miller, Murray, McGinnis, Stafford, Townsend, Vandenburg, Wilson, Mr. Speaker.—20.

**Nays**—Messrs. Cooper, Ellis, E. P., Hanby, Hart, Mahoney, Meredith, W. S., Pennington, Prettyman, Sevier, Smith, Wright.—11 present and not voting 2 absent.

So the question was decided in the affirmative, and the bill having received the required constitutional majority,

Was declared

Concurred in.

Ordered that the Senate be informed thereof.

On motion by Mr. Wilson, chairman of the Committee on Rules, the rules of the former House were adopted with the exception of Rule 13, which was changed to read, no rule of the House shall be changed or suspended except by a vote of a majority of the members present.

Mr. Goslee, Clerk of the Senate, being admitted, presented for the signature of the Speaker of the House the following duly and correctly enrolled Senate Joint Resolution No. 1, the same having been signed by the President of the Senate.

**Senate Joint Resolution No. 1.**

**Providing for an adjournment of the General Assembly until Monday, June 11th, A. D. 1906.**

Mr. Abbott, on behalf of the Committee on Enrolled Bills, reported as duly and correctly enrolled and ready for the signature of the Speaker of the House, having been signed by the President of the Senate.

**Senate Joint Resolution No. 1:**

**Providing for an adjournment of the General Assembly until Monday, June 11th, A. D. 1906.**

On motion of Mr. Armstrong the following resolution was adopted that when the House adjourn, it will be until 11 o'clock to-morrow.

On motion of Mr. Cooper the following resolution was adopted :

Whereas, Since the adjournment of the session of the General Assembly of 1905, it hath pleased Almighty God in the all wise dispensation of His Divine Providence to remove from our midst and take unto Himself our fellow member, Honorable Robert C. Stevenson, Representative in the General Assembly of the State of Delaware from Kent county; therefore,

Be it resolved by the House of Representatives of the State of Delaware,

(1) That by his strict integrity, his moral courage, his firm adherence to that which he believed to be right, his kind, gentle and amiable disposition, and his correct and exemplary life, Robert C. Stevenson endeared himself to all those with whom he came in contact;

(2) That his conduct as a member of this body was pure, high minded, noble and patriotic;

(3) That the House of Representatives keenly feels the loss of so valuable a member;

(4) That his life was such as to be an example to those of us left behind;

(5) That we do extend to the family of the deceased our sincere and heartfelt sympathy in the sorrow of their loss.

(6) That an engrossed copy of these resolutions properly attested be forwarded to the family of the deceased by the Clerk of the House and that they be spread in full upon the Journal;

(7) That in respect to the memory of our deceased fellow member that the House do now adjourn for the day.

On motion of Mr. Messick the Governor's message was ordered read.

#### GOVERNOR'S MESSAGE.

State of Delaware.

Executive Department.

To the General Assembly :

In obedience to the constitutional mandate requiring the Executive to "give to the General Assembly information of affairs concerning the State and recommend to its consideration such measures as he shall judge expedient," I submit to you my biennial message containing such information concerning the State and its affairs which appear of greatest moment, accompanied by such recommendations and suggestions for the betterment of the laws and public service as seem to me to be wise.

During the past two years I have endeavored to acquaint myself with the affairs of the State. Where I could find any method of conducting its affair in a more expeditious or economical manner consistent with the statutes, I have not hesitated to make suggestions and have found such suggestions readily accepted by the several officers. During this period I am pleased to say I have failed to find any waste of the public funds. The several State officers and Boards have been zealous in their efforts to secure to the public full value for all funds disbursed.

The first subject to which I deem it my duty to invite your attention is the finances of the State, a statement of which, fuller in details than that herewith presented, may be found in the several reports of the State Treasurer and Auditor of Accounts, which reports comprise all the facts and information essential to a comprehensive understanding of this important subject.

The expenditures of the State have steadily increased during the past fifty years.

This enlargement of public expenditure is confined to no State or nation, but is responsive to a well defined tendency of modern times.

A careful analysis of increased expenditures in this State demonstrates that such increase has arisen from efforts to render public service more efficient, the amelioration of condition of State wards, and the extension of State aid for educational, scientific, and charitable and beneficent purposes. While these appropriations have been neither lavish nor wasteful in the past, the time has arrived for caution to call a halt and stern necessity to check further increase.

Enlarged revenue only can justify any material increase in State expenditures.

Rigid economy in public affairs would receive a healthy impulse if the General Assembly would exercise the greatest care in the appropriation of money and advocate only those measures, involving the expenditure of public funds, which will commend themselves to the approval and public spirit of the citizens of this State.

I recommend that before any appropriations be determined upon, you should secure from the State Treasurer a statement of the probable receipts for the two years next ensuing, the fixed charges against the public funds, and make all other appropriations with the view of avoiding a deficit.

In the near future the expenditure of increased sums of money must be made, not for public improvement alone, but principally for public necessities.

The demands are urgent and real, all of a pressing public nature, requiring active measures to be taken to provide for them,

and, if possible, without resorting to direct State tax.

Our sister States furnish us object lessons in increasing revenues and in methods of taxation, which methods are no longer experimental.

Our revenue system should be incorporated in one comprehensive, adequate and thoroughly fair measure which should be couched in language so simple that every one might readily understand the same.

The General Assembly will probably not continue its present session more than the constitutional limit of sixty days. If you should be unable during that time to fully consider and enact proper and adequate law in relation to the revenue of the State, I would suggest that a Joint Committee of the Senate and House be appointed to frame such law and instructed to report at an adjourned session of the General Assembly to be held in November of the present year.

The license tax on the manufacturers and distillers of alcoholic liquors and the brewers of malt liquors should be so increased that the returns to the State would be measurably commensurate with the cost of protection and the added burden upon the State arising from disorders growing out of the vending within this State of the products of such enterprises.

I would recommend that such legislation be enacted which will effectually remedy the defects in the present law and extend the excise system so as to include the above named business.

Licenses issued for the sale of intoxicating liquors (other than those issued to druggists), are of two classes, one to sell in large quantities and the other to sell in small measures. The latter class pay two or three times as much tax as the former. This you should equalize and adjust.

The law permitting the sale of liquor in quantities less than one quart to be drank off the premises where purchased should be repealed.

In making this recommendation I am not unmindful of the constitutional provision in reference to local option. Whether you shall provide by law at the present session for the submission of the question of the sale or no sale of intoxicating liquors,

the sale of liquor is bound to continue in this State for two years more.

### AUTOMOBILES.

The protection of the public against careless and reckless motorists has rendered necessary a revision of the present law touching Motor Vehicles.

Accidents arising from automobile driving are frequent. Excessive speed is the chief cause and inspires the dread and prejudice on the part of the traveling public against automobiles.

As a vehicle of utility the automobile should be recognized as possessing the same right as all other vehicles in the use of our highways, subject, however, to certain restrictions inherent in the character of these machines.

I recommend that the present law be so amended that it provides:

1st. For an annual payment of a license fee of \$5.00 by the owner of every motor vehicle.

2nd. For an annual payment of a license fee of \$2.00 by chauffeurs.

3rd. For the revocation of all licenses, under proper restriction, upon proof that licensee is an incompetent or reckless driver.

4th. For the employment by every person incompetent to run a motor vehicle of a licensed chauffeur.

5th. For the payment of all such license fees, together with all fines and forfeitures imposed under the provisions of this law, to the State Treasurer, who shall carry such funds to a highway improvement fund, to be expended pursuant to a proper highway improvement statute.

Pecuniary penalties have not proven effective in checking reckless and careless driving. Fine and imprisonment has been demonstrated to be the only effective check; fine for the first offense and fine and imprisonment for all subsequent offenses.

## OYSTERS.

That portion of State property adapted to the propagation of shell fish has been operated by private interests with little or no regard to the rights or revenue of the State.

The net receipts to the State arising from this source have materially increased. The revenue to the State could, under a comprehensive and understandable law, be further increased.

I submit that the present statute should be repealed and a full and comprehensive statute relative to Oysters be enacted, which would afford adequate protection to the State interests and avoid undue hardships upon the present lessees of oyster plantations.

The laws enacted at the last session of the General Assembly have been but little improvement over the laws then in operation.

Any statute enacted should provide for a resurvey of the natural rocks and beds adapted to oyster culture, which survey with plots should be filed and recorded in permanent form; for the appropriation of funds sufficient to make such survey and plots; for the leasing of such land for definite periods and for the adequate protection to all lessees.

## DEPOSITS AND DEPOSITORIES.

The proper disposition of public funds, awaiting their disbursement, is a practical question, as we increase in population and wealth, grows in importance. Private funds on deposit in Banks and Trust Companies under certain conditions are allowed by such financial institutions interest thereon. Public funds under like conditions should be a source of revenue to the public rather than private interests only. The public money should be immediately available for public wants, but under different conditions and safeguards than those which obtain under the present laws and practice.

In order that the State and County funds on deposit may receive an income from their deposits I urge your favorable consideration of a statute which shall provide among other things:

1st. That the State and County Treasurers be required,

under penalty of forfeiture of office, to deposit all public funds in approved depositories ;

2nd. That the public funds, both State and County, under the control of the various treasurers, be awarded for deposit to approved depositories ;

3rd. That the Governor, Secretary of State, Auditor of Accounts and Insurance Commissioner be constituted a commission to determine the depositories for the State and County funds and the proportion of public funds each depository may receive ;

4th. That each approved depository shall be chargeable with 2% on the daily balances and at stated periods credit the accounts of such treasurers with the accumulated interest on such funds.

#### BOND ISSUE.

The loan of 1887 for \$250,000 00 will mature June 1st next. You should early in the session enact the necessary legislation which will enable the State to refund this loan in ample time to meet the maturing obligations of the State. It might be well for you to investigate and consider the advisability of disposing of certain railroad mortgages held by the State and with the proceeds thereof liquidate the said loan of 1887 rather than issue a new series of bonds.

#### ASSESSMENT AND TAXATION.

Permit me to call your attention to the inequality of assessments, which, under our present law, will never be more equably made, but which in a large measure may be corrected by the creation of a State Board of Equalization.

It is a well recognized fact that local influences upon the Assessors result in each Assessor estimating the assessable value of property at a different per centum of its true or real value, so that there has become a varying value from forty to one hundred per centum of value named in the several districts. There is now under the law no adequate power to equalize the assessment of one district as compared with another, of one group of districts with other groups.

It is a matter of vital importance that the valuation of pro-

perty should be equalized and made in accordance with a certain fixed and definite rule, thereby making all assessable property contribute its share towards government protection.

The experience of other States has demonstrated that a Board of Equalization has afforded the greatest measure of relief from this hardship than any other suggested.

I suggest that the final determination of the equalization of assessment should not be left in the hands of any individual or Board, which expends the funds arising from such assessment and taxation.

#### WEIGHTS AND MEASURES.

Under present provisions of law the weights and measures, used in the street markets and market houses in the City of Wilmington, are required to be inspected and stamped, annually, by the Clerk of the Market of that city, and all other weights and measures used in the city are required to be inspected by the Sealer of Weights and Measures of New Castle County. I would suggest that this be remedied by a law providing for the complete inspection of all weights and measures in the city of Wilmington to be made by the Clerk of the Market of said city. There have been many complaints recently that short weights and measures are used in said city. It is possible that this results from a confusion of inspections. The law on this subject should be so amended as to prevent this and provide adequate penalties for violations thereof.

#### STATE INSTITUTIONS AND WARDS.

The biennial report of the Delaware State Hospital at Farnhurst gives in detail all the operations of that institution for the past two years; describes the condition, habits and life of the inmates and the methods of treatment; shows the hygienic condition of buildings and contains many valuable recommendations.

Accurate knowledge of the work being done at this institution would dissipate many misconceptions relative thereto. The annual increase of population in this institution has kept pace with increased population of the State.

The policy of the Board of Trustees, Superintendent and corps of assistants is wise, broad-gauged and economical.

The specific requests for legislation should receive your attention.

The indigent deaf, dumb and blind children of this State have never received that degree of care and attention which their misfortune demands.

Increased appropriations, if compatible with the state of public revenue, should be made.

The number to be placed in the various schools outside of this State should be limited only by the amount appropriated by you and the capacity of said institutions.

The excellent result of past expenditures by this State cannot be measured. The burden of properly caring for these unfortunate State wards must be largely met by the public.

#### EDUCATION.

Too much cannot be said in favor of appropriations for public school purposes. No funds, appropriated by the State, where wisely and judiciously expended, have returned equally valuable results to the general public.

The long established policy of the State of rendering assistance to the greatest possible extent to the various school districts in the establishment of an effective and long term school year should be continued and a further enlargement, consistent with State revenue and public necessities, is most desirable.

The State Board of Education has made several recommendations looking to the improvement of the system which should receive your careful attention.

#### NATIONAL GUARD OF DELAWARE.

The State has been most fortunate in securing and so long retaining the services of the present capable corps of officers and men constituting the State Militia. It is an organization our State may well be proud of.

During the past two years two successful encampments have been held near Newark, and last year a Provisional Battalion participated in the United States Military manoeuvres at Mt. Gretna.

It has been my duty as well as my pleasure to participate in each of said two encampments at Newark, spending the entire period in the field with the Militia. This afforded me opportunity to continuously observe the discipline maintained and the daily operations and exercises of the Militia. The conduct of officers and men during each encampment aroused unusual interest and elicited praise on the part of the public. The experience of the past few years has demonstrated the fact that Delaware has established a military organization worthy of her name and that each year the effectiveness of such organization has improved.

The public no longer condemns the necessary expenditure of public funds in rendering more efficient this branch of the State Government.

I recommend as liberal appropriation for the maintenance of the State Militia as the State funds will admit and the necessities of the service demand.

#### STATE LIBRARY.

The State Library, containing thousands of valuable volumes, many of which could be duplicated only at great cost to the State, is housed in a structure ill adapted to the proper protection and care of said volumes. Indeed many volumes are now piled up on the floor because of want of shelf space and the general inadequate character of the present room. A modern fire-proof building adapted to the needs and demands of a library has become a necessity.

It is a matter for your serious consideration whether the time has not arrived for the construction of a new State House, with a fireproof wing for the Library, which shall be adequate to fully meet the public needs. I recommend this matter to your careful consideration.

#### SALARIES.

The salary system should be further extended so that every State and County officer be placed upon a salary basis. I submit to you the advisability of supplementing the work of the last session touching this subject by the enactment of a fee bill covering all the charges for every service rather than the present system of varying charges. I am informed that the fee bill now in vogue has not been materially changed in a century. The

present day conditions demand a fee bill adapted to the needs of the salary system of State and County officers.

The said Act should be further amended to that fees for all services rendered by any officer should be paid in advance; that the penal sum in the official obligations of every salaried officer should be increased so that the said bonds would be adequate to fully protect the County and State.

#### PURE FOOD LAW.

The public is aroused at the extraordinary revelations following the investigations by National and State officers into the nature and character of the adulteration of foods in ordinary daily use. The proportion of pure foods and the injurious character of adulterants found in many of the foods, condiments and medicinal preparations, has aroused a widespread and abiding interest in the public mind to such a degree that laws penalizing such practices have been enacted by the Congress of the United States and many of our sister States.

You will perform a valuable service to the public by enacting a reasonable measure for the correction of the evils of this too prevalent practice.

The Federal law upon this subject is broad, full and adequate for all purposes of inter-state trade. A State statute based on the Federal law to cover the trade within the State should be your object.

#### ARBOR DAY.

I desire to call your attention to the importance of general observance of this day by planting shade and ornamental trees in or about the streets, roads or homes within this State. It is a matter of serious moment that the woods and forests of our State are fast disappearing. The planting of portions of the farming district in young trees for future use is a subject worthy of your attention.

#### TUBERCULOSIS.

Experts assert, and the public generally believes, that much may be done by modern methods, systematically pursued, to prevent the spread of this prevalent scourge. It has been demon-

strated that with proper treatment the disease is preventable, and, in the early stages, curable. That it is infectious is equally well recognized.

It is a proper subject for investigation and intelligent legislative action. I, therefore, recommend for your favorable consideration the advisability of creating a commission, with or without pay, as in your judgment may be best, to inquire into the best means of dealing with this scourge in an economical and efficient manner, and report to the Governor as soon as possible the results of its investigation.

#### GOOD ROADS.

The matter of providing and maintaining good roads is of the most vital importance to our people. Roads are an absolute necessity to the farmers of our State and they should have the best that we can afford. The several counties of the State raise, annually, by taxation for road purposes, a considerable sum of money which under our present system is spent under the direction of the different officers in the different hundreds. All this money should be expended on the roads in pursuance to a fixed standard of roads adapted to the different localities of the State and under one central authority. The money so raised should be spent in the maintenance of the roads after they have been either originally built or improved along modern scientific lines. Probably one of the best investments the State could make would be the expenditure annually of as much money as its resources will afford in the construction and improvement of good permanent roads. When these are once so built, the cost of maintenance is small compared with what is now expended on our present roads. Many of the States have provided for the expenditure of millions of money in the improvement and construction of modern roads. I recognize that, owing to the peculiar conditions of our State, the same kind of roads are not adapted to its different localities. We should investigate this matter fully and thoroughly and adopt what is the most economical standard or standards of construction and maintaining our roads, having in mind that the cheapest is not the best. The end desired is the best permanent roads that we can get, suited to our conditions, at the least reasonable expense. In New Castle county certain roads have been improved along modern lines and I am informed that these roads are entirely satisfactory and highly commended by travellers

thereon. What has been done in that County under existing provisions of law during the past two years will appear to you by the report of the New Castle State Highway Commissioner, submitted to you by him.

I recommend this subject to your careful attention and while we cannot expend the same amount of money that other States are able to, yet by expending annually a certain fixed amount as above suggested, we can accomplish much in a very few years.

#### EPIDEMIC DISEASES IN ANIMALS.

For the last two or three years certain portions of the State have suffered from the Anthrax plague. Just how or when the disease was first introduced into the State is not definitely known. Its eradication is the pressing problem. Fortunately its presence was soon discovered and by the persistent endeavors of the State Board of Agriculture has been confined to a limited area within the State. The recurrence of this trouble the coming year is imminent, threatening a heavy loss to the farming interests of that portion of the State now affected and a probable widening of the affected districts.

It behooves you, therefore, to take into careful consideration measures which will effectually prevent its annual recurrence, and if possible finally to eradicate the plague. The report of the State Board of Agriculture contains a full statement of disbursements of the funds appropriated for this purpose.

I am pleased to note that the appropriations have met the bills incurred during the current year.

#### ENCOURAGEMENT OF IMMIGRATION.

It seems desirable in the opinion of many of our most practical farmers that continued efforts to encourage immigration into the State should be made.

The Act passed in 1903 was in force but two years, which, in the opinion of many, was an insufficient length of time to bring about the results contemplated. Every encouragement should be given to induce practical farmers and farm labor to settle in our midst; therefore, I recommend the re-enactment of Chapter 333, Volume 22, Laws of Delaware, entitled, "An Act

for the encouragement of immigration, and to foster the agricultural interest of the State "

#### STATE BOARD OF HEALTH.

The State Board of Health established under a provision of our Constitution with laws regulating its duties is looked upon as a necessity. Happily no serious epidemic has occurred during the past two years to require its attention. I am pleased to refer you to its full and complete report and ask you to give it your careful consideration.

#### STATE PRINTING AND SUPPLIES.

I recommend that the Act creating the Board of State Supplies be so amended that said Board be given a contingent fund to be expended in the employment of a person possessing the necessary technical skill to assist said Board in rendering more efficient the operations under the provisions of said Act.

I regard the necessity for reform in the methods of distribution of supplies for the General Assembly an imperative duty. You should enact such measures relative to such supplies which will render effective the provisions of the Constitution in that behalf.

I recommend that the State Librarian be made the custodian and dispenser of all supplies, who should be authorized to deliver to any State officer any supplies in hand upon the delivery to said Librarian the cost value thereof, or a contingent fund warrant therefor; and who should be directed to open an account with each member of the General Assembly, credit such account with the sum of \$25.00 as provided by the Constitution and charge all supplies furnished every such member of the General Assembly pursuant to a proper voucher, provided the aggregate shall not exceed said constitutional limit.

#### PARDON.

I recommend that you enact such measures which shall provide for recording in the office of the Secretary of State of all remissions of fines and forfeitures, reprieves, commutations of sentences and pardons and that such record or a duly certified copy thereof shall be admitted as evidence in the Courts of this State.

### OATHS OF OFFICE.

The law relative to recording the official oaths of all State and County officers should be amended so that record evidence of every such oath could be obtained from one State officer; or a record of said oath be made at the same time and place as the Commission of said officer.

### COURTS AND JURORS.

Experience in our sister States and in the Federal Courts has demonstrated that, in the administration of justice by Courts, the best, least expensive and most satisfactory results are reached, when the jurors of the Courts are selected under the supervision of the Judges. The jurors of the Courts who are summoned for the trial of cases should not be required to serve more than two weeks during any one term of the Court. The Courts, or the judges thereof in vacation, should be authorized by law to convene any of our courts upon a short notice and empowered to have drawn and summoned the Grand and other jurors required for such special terms. I recommend that the law be so amended to carry these suggestions into effect, this will secure expeditious trials of criminal and other cases and produce speedy and desired judicial determination of such matters.

### REGISTRATION.

The constitution requires as a prerequisite payment of one dollar registration fee by each elector biennially. This registration fee has long been deemed an unwise tax upon the electorate of the State. I recommend the adoption at this Session of the General Assembly the Constitutional Amendment proposed at the Session of 1905 entitled "An Act proposing an amendment to Section 4 of Article V, of the Constitution of this State by striking out of said Section all thereof which requires the payment of money as a qualification to register," this measure having been approved by the party conventions representing practically the entire electorate of the State.

### ELECTIONS.

The so-called Australian ballot law in operation in this State is expensive, burdensome, and unsuited to the temper of our people and times. It affords neither secrecy nor protection

to the poorly educated, nor safety to the independent elector who may desire to vote for his choice of candidates.

The blanket ballot should be supplemented by a ballot of uniform size and color, printed upon uniform paper furnished by a public officer, and should contain only the nominees of one party, with opportunity for the elector to examine and prepare such ballot prior to entering the election room for the purpose of voting.

The election laws should be so simple and clear that Voters Assistants would be unnecessary. The present system was such an innovation that Voters Assistants were deemed necessary and such officers were accordingly provided for in the original statute. Later when it was thought that the necessity for such officers had ceased the General Assembly so amended the said Act that the office was abolished. The excessive number of ballots rendered void because of failure on the part of electors to comply with the strict letter of the law in marking their ballots gave rise to the necessity for the restoration of said office. The time has arrived when Voters Assistants for any cause should be deemed unnecessary for any person.

Many features of the present system may well be retained, as they make quiet, peaceful and orderly elections, which all desire.

#### JURISDICTION AND LIMITS.

I received from the Secretary of State of the United States the following letter which sufficiently explains the position of the Federal Government in requesting the State of Delaware to cede a certain definite portion of the bed of the Delaware River to the United States:

"His Excellency,

The Governor of Delaware,

Dover.

Sir:—

The Secretary of War advises this Department, under date of the 27th instant, that it has been found necessary, in carrying out the improvement of the Delaware River under the authority of Congress, to construct a bulkhead around portions of what are

known as " Dan Baker " and " Stony Point " shoals, so as to form a basin within which to deposit the material dredged from the channel. When completed this area will form an island which it is thought important to have in the possession and under the control of the Federal Government.

It appears that the area is in the bed of the river between the States of Delaware and New Jersey, nearer to the New Jersey shore, and that it therefore belongs to one of these two States.

In compliance with Secretary Taft's request, I have the honor to ask you to be so good as to lay the matter before the Legislature of the State of Delaware, at the earliest practicable date, with a view to securing such action as may be necessary to vest in the United States a title to that part of the river bottom on which the aforesaid island is to be constructed.

I enclose a map and description of the submerged land, and have sent a letter similar to this to the Governor of New Jersey.

I have the honor to be, sir

Your obedient servant,

ELIHU ROOT.

#### JAMESTOWN EXPOSITION.

The General Assembly of Virginia in 1904, adopted resolutions reciting the settlement made at Jamestown, May 13, 1607, and declaring for the commemoration of the event by an international exposition on the shores of Hampton Roads. The resolution inter alia, said :

" Resolved, by the House of Delegates, the Senate concurring, that the Governor of this State be, and he is hereby authorized and requested, for and on the part of the Commonwealth of Virginia, to at once invite the co-operation and assistance of each and every other State of the Union, in order that each of them adopt the necessary measures to be suitable and appropriately represented at the said Exposition. "

The Governor of Virginia in inviting the co-operation of the several States, said:

" I venture to suggest that the commemoration in question is of extraordinary significance, as the landing at Jamestown was the first settlement of the English speaking people on this Continent by nearly fourteen years ; indeed, as a result of this settlement Virginia was an organized colony with an elective Legislative Assembly nearly two years prior to the landing of the heroic Pilgrims at Plymouth Rock. Therefore this settlement is the genesis of our National Government, and the original source of forces which have entered mightily into the fabric and growth of our Republic.

" It is hoped that the magnitude of the historic commemoration may have the generous consideration of your State and the earnest sympathy and co operation of your people in appropriately bringing before the world so transcendent an event."

The character of this tercentennial celebration has been exploited by the Press and Magazines with such particularity that I need scarcely enter into details here.

In conformity to the request of the Governor of Virginia, I now call your attention thereto and suggest that adequate provision be made early in this session for a Delaware building and display.

The thirteen original States especially should actively participate in the celebration.

Permit me to caution you that only such appropriation for this laudable undertaking should be made which the condition of our Treasury may sustain without impairing the revenue for necessary maintenance of the State Government in all its departments and the usual and necessary charitable and educational charges upon the public funds.

#### UNIFORM DIVORCE LAWS.

On July 24, 1905, Governor Pennypacker, of Pennsylvania, pursuant to the provisions of an Act of Assembly of that State, forwarded to me a communication requesting the appointment of delegates from this State to participate in a Congress of Delegates from all the States "for the purpose of examining, considering

and discussing the laws and decisions of the several States upon the subject of divorce, with the view of adoption of a draft of a proposed general law, which shall be reported to the Governors of the States for submission to the Legislatures thereof, with the object of securing, as nearly as possible, uniform statutes upon the matter of divorce throughout the Nation."

Governor Pennypacker, under date of November 9th, 1905, called my attention to the Act of Assembly of Pennsylvania, which provided that the delegates from said State should "consist of the Governor of Commonwealth, with three citizens of Pennsylvania, learned in law," and requested that the State of Delaware should be represented in like manner.

In accordance therewith I designated Hon. Benjamin Nields, Hon. Robert H. Richards, of Wilmington, and Hon. Henry Ridgely, of Dover, as the delegates, who, together with the Governor of this State, composed the Delaware delegation.

Unstinted praise is due Governor Pennypacker and the Pennsylvania delegation for their unflagging interest and arduous labors in preparing preliminary work incident to this movement.

I recommend that the proposed law, or so much thereof as may be practicable under our judicial system, be enacted into law in this State.

I desire to express my appreciation to the three delegates representing the State for the time devoted to and the interest taken in this most commendable movement.

The report of the Delaware delegation, with its recommendations, is herewith presented to you for your thoughtful consideration.

#### COMMUNICATIONS FROM OTHER STATE GOVERNMENTS.

In deference to the express legislative will and in courtesy to the Governor of New York, without committing myself to the wisdom or expediency of the movement, I transmit herewith a certain resolution adopted by the Legislature of New York.

STATE OF NEW YORK,  
IN SENATE.

Albany, March 1, 1906.

Whereas, It appears from the investigation recently made by the Senate of the United States, and otherwise, that polygamy still exists in certain places in the United States notwithstanding prohibitory statutes enacted by the several States thereof, and

Whereas, The practice of polygamy is generally condemned by the people of the United States, and there is a demand for the more effectual prohibition thereof by placing the subject under Federal jurisdiction and control, at the same time reserving to each State the right to make and enforce its own laws relating to marriage and divorce; now, therefore,

Resolved (if the Assembly concur), That application be and hereby is made to Congress, under the provisions of Article Five of the Constitution of the United States for the calling of a convention to propose an amendment to the Constitution of the United States whereby polygamy and polygamous co-habitation shall be prohibited, and Congress shall be given power to enforce prohibition by appropriate legislation.

Resolved, That the Legislatures of all other States of the United States, now in session or when next convened, be and they are hereby respectfully requested to join in this application by the adoption of this or an equivalent resolution.

Resolved further, That the Secretary of State be and he hereby is directed to transmit copies of this application to the Senate and House of Representatives of the United States, and to the several members of said body representing this State therein; also to transmit copies hereof to the Legislatures of all other States of the United States.

In Assembly, March 2, 1906.

Concurred in without amendment.

By order of the Assembly,  
A. E. BAXTER, Clerk.

By order of

THE SENATE,  
LAFAYETTE B. GLEASON,  
Clerk.

State of New York,  
Office of the Secretary of State, } ss.

The foregoing is a true copy of a concurrent resolution of the Senate and Assembly of the State of New York, filed in this office March 6th, 1906.

[seal] Given under my hand and the Seal of Office  
of the Secretary of State, at the City of  
Albany, this twentieth day of March, in  
the year one thousand nine hundred and  
six.

JOHN F. O'BRIEN,  
Secretary of State.

#### VALLEY FORGE PARK COMMISSION.

I have received the following communication from Governor Pennypacker, which I take pleasure in presenting to you for such action as may seem meet, to wit:

November 14, 1905.

Hon. Preston Lea,  
Governor of Delaware,  
Dover, Del.

Dear Sir:—

At the request of the Valley Forge Park Commission, it is my pleasure to inform you that the improvements at Valley Forge have so far progressed and the avenues along the intrenchments are so far completed as to enable each one of the thirteen original States to mark with a suitable monument the location of its troops, if such a course be thought desirable by the authorities of the State.

Very truly yours,

SAM'L W. PENNYPACKER.

This Park, commemorating the heroic struggle and undaunted bravery of our Revolutionary Soldiers, must appeal to

every liberty-loving citizen of this State. A suitable memorial marking the location of the Delaware Troops at Valley Forge during this important period of our Nation's history, is an object deserving your careful and favorable consideration.

#### THE PROPAGATION AND PROTECTION OF FISH.

The General Assembly of Pennsylvania adopted a resolution creating a Commission to meet similar Commissions appointed by the States of New York, New Jersey, Delaware and Maryland "for the purpose of formulating concurrent or uniform legislation affecting the States named relating to the propagation and protection of fish." Such Commissions have been formed by all the States named except Delaware.

I solicit your thoughtful consideration of the advisability of the appointment of such joint commission with the view of more complete protection of an industry, which, without adequate restrictions, may soon become unprofitable to those interested.

#### COMPACT OR AGREEMENT BETWEEN NEW JERSEY AND DELAWARE RESPECTING THE DELA- WARE RIVER AND BAY.

In pursuance to the mandate of Section 2, Chapter 5, Volume 23, Laws of Delaware, I did, in November, 1905, transmit to the President of the United States a duly certified copy of said Act and requested that it be communicated to Congress for its action.

Ratification of said compact or agreement was not had during the first session of the Fifty-ninth Congress, but it is expected that this measure will be finally disposed of during the present session of Congress.

#### EXPOSITIONS.

I have received the following communication which, in courtesy to the Governor of the State of Florida, I transmit to you for such consideration and action which the enterprise may merit:

STATE OF FLORIDA.  
EXECUTIVE DEPARTMENT.

Tallahassee, Fla.,

December 30, 1905.

Whereas, It has been suggested that an international and Isthmian Exposition be held in the City of Tampa, Florida, during the months of January, February and March, in the year of our Lord, 1908, in honor and celebration of the commencement of work on the construction of the great Panama Canal by the Government of the United States; and

Whereas, Such an Exposition will direct the attention of the world to the unsurpassed climate of the State of Florida, its boundless agricultural mineral, industrial and commercial resources, and its superior maritime advantages as the highway of the world's commerce when said Canal is opened for traffic;

Therefore, I, Napoleon B. Broward, Governor of the State of Florida, do hereby issue this, my Proclamation, calling said

INTERNATIONAL AND ISTHMIAN EXPOSITION

To be held in the City of Tampa, Florida, commencing in the month of January, in the year of our Lord, 1908, in celebration of the commencement of work on the Panama Canal by the Government of the United States; and I call upon and urge all the citizens of the State of Florida to unite their efforts in support of said Exposition, and I also request and urge the Senators and Representatives of the State of Florida in the Congress of the United States to invite and secure from said Congress an indorsement of said Exposition and a reasonable appropriation in aid thereof.

The Governors of the several States and Territories, comprising the United States of America, are hereby cordially invited to secure the co-operation of their State Legislatures in aid of said Exposition, and are requested and urged to secure a proper representation of the resources of their respective States in the exhibits at said Exposition; and

HIS EXCELLENCY, THE PRESIDENT OF THE UNITED STATES, is hereby requested and urged to issue his PROCLAMATION through

the State Department of the United States, inviting Foreign Countries to participate in said Exposition.

[SEAL] IN TESTIMONY WHEREOF, I have hereunto set my hand and caused the great Seal of the State to be affixed at Tallahassee, the Capital, this the 30th day of December, A. D. 1905.

By the Governor, attest:

N. B. BROWARD,

H. CLAY CRAWFORD,

Governor.

Secretary of State.

#### CRIMES AND PUNISHMENTS.

To render more effective our criminal code and remedy certain defects therein I recommend that the criminal laws of the State be so amended and supplemented as that various forms of false-swearing other than perjury, may be punished.

That the punishment for manslaughter may be made more severe.

That the offense of conspiracy be by statute broadened in its scope.

That the punishment for bigamy be made more severe.

That the jurisdiction of the offenses of carrying concealed a deadly weapon, pointing a pistol at another person and discharging a firearm upon the public highway be given to tribunals inferior to the Court of General Sessions where possible.

#### PARDONS, REPRIEVES AND REMISSIONS.

An account of all remissions of fines and forfeitures, reprieves, commutation of sentences and pardons granted by me during the past two years, with the reasons therefor, is herewith transmitted, in compliance with the injunction of the Constitution, for your information.

Firmly convinced that the fullest and freest public discussion before either or both branches of the General Assembly, or any committee thereof, by individuals or representatives of interests affected, or claimed to be affected, in any manner by proposed

legislation, should be accorded, yet I am of the opinion that it is wise to adopt, and therefore suggest for your consideration and enactment, proper and adequate legislation upon the subject which will safeguard the General Assembly from improper influences.

In the exercise of your duties as legislators permit me to caution you against the evil consequences of ill-considered and poorly drafted measures. Past experience should assist you. It is not the quantity but the quality of measures enacted by you which will give this session character and bring to you honor and credit. Too much legislation works a greater evil upon the people than the failure to pass any.

Permit no law to pass unless it can stand certain tests ; each enactment must not be in conflict with the Federal and State Constitutions ; it should be clear in its terms, not be indefinite, vague or uncertain as to its meaning, and, not the least important its enrollment should have the most scrupulous care and attention in all particulars.

### REPORTS.

The reports of the several Departments of State Government which contain full detailed statement of the operation of said Departments for the past two years will be handed to you with this message or as soon thereafter as completed.

Received a communication from the State Board of Trustees of the Delaware State Hospital at Farnhurst.

Which was

Ordered read.

Mr. Holcomb moved that the communication be spread on the minutes.

Which motion

Prevailed.

To the Honorable Senate and House of Representatives of the State of Delaware.

Gentlemen:—

We beg to refer the Members of the General Assembly to the Statement recorded in our 9th bi-ennial report just issued. The whole matter of the hospital and its needs are there set forth in details, and we can say little more to the point than is shown in that pamphlet.

In making our estimate for the appropriation needed and asked for, the matter was carefully considered, as it was the desire of every member of the Board, knowing the great amount of money that would be needed for the various appropriations, that we should have an eye to the strictest economy, and not ask for a greater amount than was possible to meet the demands of the hospital during the next two years. We have asked for less

money per capita for the next two years than was expended dur-  
past.

It will be seen that we had on hand 393 patients on Decem-  
ber 1, 1906, and the gradual increase which has always existed  
we must provide for. At the expiration of the year 1907 we will  
probably be caring for at least 430 patients, which is the natural  
increase expected. The Board has over and over again gone  
over the details of how we could decrease the number of patients  
and every time the fact stares us in the face that the State must  
care for these unfortunate people. The safety of the patients, and  
the safety of the communities from which they come, must be  
considered. They must have proper treatment, they must have  
constant care and attention, and the State must assume the re-  
sponsibility.

The Members of the Board have no sinecure; they do a great  
deal of work for which there is no pecuniary compensation what-  
ever, in the proper sense of the word. They have a great respon-  
sibility on their shoulders, and it is but just and right that they  
should receive due consideration at your hands. The hospital is  
greatly overcrowded; there are fully 80 more patients than we  
have accommodations for, and the officers are hampered and  
worried beyond measure in the care for them. It is cruel, it is  
barbarous to overcrowd the insane. We are at any minute liable  
to have a homicide, liable to fire or other horrors. This should  
not be, this must not be. The responsibility rests not on the  
Board and its officers. It rests on the people of Delaware as rep-  
resented by their General Assembly. To you this Board looks  
for proper relief. These poor unfortunates look for proper care;  
thus we put our case to you. The only solution is for the Gen-  
eral Assembly to grant our petition for our yearly allowance,  
and the amount asked for with which to erect a new building  
absolutely demanded.

We would earnestly request that your honorable body should  
at as early a date as possible, appoint a special Committee from  
both Houses, to meet our Trustees at the Hospital any time  
agreeable to you, that you may more fully be informed of our  
condition and our needs.

Respectfully submitted by the

Board of Trustees of the Delaware State Hospital,  
at Farnhurst.

On motion of Mr. Holcomb the following concurrent Resolution was adopted:

Be it resolved by the House of Representatives (if the Senate concur) that a Committee of three on the part of the House and two on the part of the Senate be appointed to officially visit the Delaware State Hospital at Farnhurst to report to the General Assembly as to need of new buildings now being asked for by the Trustees of said Hospital.

On motion of Mr. Holcomb the bill, (House Bill No, 18,) entitled:

An Act appropriating one hundred and twenty-five thousand dollars to the State Board of Trustees of the Delaware State Hospital at Farnhurst.

Was read a first time.

On the further motion of Mr. Holcomb, Rule 12 was suspended as to this bill.

And further on his motion the bill was read a second time by its title, and referred to the Committee on Appropriations.

On motion of Mr. Messick the House adjourned until tomorrow morning 10 o'clock, A. M.

January 15th, 1907—10.30 o'clock, A. M.

House met pursuant to adjournment.

Prayer by the Chaplain.

Roll called. Members present. Messrs. Allen, Baggs, Bennum, Cann, Conwell, Cooper, Thomas L, Cooper, Thomas O., Corbit, Cabbage, Donaway, Evans, Elliott, Flinn, Garrison, Harrington, Harvey, Hiron, Holcomb, James, Keenan, Lambden, Messick, McCafferty, Newton, Paradee, Palmer, Rash, Richards, Richardson, Staats, Taylor, Williams, Wilson, Mr. Speaker.

Reading of Journal was dispensed with.

Report of Kent County Grand Jury presented.

On motion of Mr. Conwell the report was accepted and ordered spread on the minutes.

To the Honorable Judges of the Court of General Sessions of Kent County, Delaware.

The Grand Jury in and for Kent County for the year 1906, beg leave to present the following report.

At the April Term we met in session three days and acted on thirty bills, of which twenty-three were found true bills and seven ignored.

At the October Term we were in session four days and acted on forty-three bills, of which forty were true bills and three were ignored.

We visited the County Jail, and under the supervision of Sheriff Baker found it in a most excellent condition, but greatly overcrowded with inmates. We also visited the County Alms House and found it, under the supervision of Overseer John W. Caulk, in a most creditable condition indeed, and under the care

of the Matron, Mrs. Emma Caulk, the inmates looked contented and e-pecially well cared for.

We beg to recommend and respectfully ask that the Clerk of this Court communicate with the General Assembly of Delaware at its next session the following findings:

That at this fall session, having passed upon forty true bills of crime committed in this county by young men, thirty-three of which were directly the result of the open sale of intoxicating liquors in the county, a business which entails great expense to the county, misery and degeneration to its citizens and only enriches a few men, and disturbs the county peace and the laws and dignity of the State, that this Grand Jury does respectfully urge that the General Assembly enact a law submitting to the electors of this county the question in accordance with the Constitution of this State, whether or not the sale of intoxicating liquors as a beverage shall be continued in this County.

And we also recommend that in view of the seeming increase of carrying concealed a deadly weapon, more severe penalties attach to the violation of this statute,

WALTER O. HOFFECKER,  
Foreman.  
LEVI G. STERNER,  
Secretary.

On motion of Mr. Baggs the House took a recess until 11.45 o'clock A. M.

---

Same Day—11.45 A. M.,

At expiration of recess, 11.45 A. M.

On motion of Mr. Messick the Report of Attorney H. H. Ward, was ordered placed on the minutes.

January 19th, 1907.

To the Speaker and Members of the House of Representatives.

Gentlemen:

On the 17th inst. the House submitted to me the following questions:

(1) May the General Assembly, by a joint or concurrent resolution, suspend or modify an existing statute of the State?

(2) Does the Act of March 23d, 1905, being "An Act regulating the furnishing of Supplies for the State," limit the time for advertising in newspapers for bids for supplies to the months of April and May in any one year.

(3) May the House, by resolution passed by it alone, order minor supplies for its use and the use of its members?

(4) May the House, by its resolution, procure by purchase copies of the Laws of Delaware and Revised Code for the use of its members, without charging the cost of the same in the account of supplies to which each member is entitled?

Little, if any, light is thrown on these questions by the judicial decisions in this State, and solutions must be sought by an examination and comparison of the State Statutes and Constitution.

Section 10, Article 1, of the Constitution, provides that "No power of suspending laws shall be exercised but by authority of the General Assembly." From this provision it is sufficiently clear that the General Assembly may, without repealing or permanently superseding a statute, temporarily suspend its operation, when an occasion which it deems proper shall arise. The Legislature may unquestionably exercise this power of suspension by another statute regularly passed and approved by the Governor. As to its right to do the same thing by resolution, the following observations are respectfully submitted:

Legislative resolutions are of two general kinds, (1) resolutions passed by the House or Senate only, and (2) joint or concurrent resolutions passed by both the Senate and House.

The legitimate use of a resolution passed by the House or Senate alone is to prescribe some rule or order affecting the proceedings of that legislative body, or to accomplish some temporary purpose, such as the adoption of special legislative rules, or orders of business, or a motion to adjourn and the like. But such a resolution cannot operate to repeal, suspend, amend or modify an existing statute.

A joint or concurrent resolution must be adopted by a majority of each House and is subject to the approval or veto of the Governor. Practically all of the formalities and requisites prescribed by the Constitution for the legal passing of a statute are

also prescribed for the passing of a joint or concurrent resolution. Under the Constitution a joint or concurrent resolution is equally effective to accomplish the things for which such a resolution may properly be used, as a statute would be, if passed for the same purpose. The proper use of a joint or concurrent resolution is to accomplish some temporary purpose, or to do some act or thing immediately connected with the business or affairs of the State or of the General Assembly, or of the House or Senate, or of their Members. Such a resolution is not a statute, and should not be used for the enactment of general legislation. Such a resolution could not be used to amend or repeal an existing statute. But I am of the opinion that a joint or concurrent resolution may regularly and constitutionally be used in a proper case to suspend for a limited time, the operation of an existing law.

I think a case in point is the concurrent resolution passed early in this session, by which the Board of State Supplies was authorized to secure bids for legislative supplies without advertisement therefore in newspapers. The only time in any year in which advertisements for such bids could be made, according to the Statute creating and regulating the Board of State Supplies, was in April or May, or immediately after the Board should reject all proposals or bids which resulted from such advertisement. Although the statute in question is a valuable one as a step in the direction of economy and as a proper regulation of State affairs, it was drafted without adequate consideration, so far as the purchase of legislative supplies is concerned. With careful amendment it can be so framed as to meet all necessary conditions. So far as legislative supplies for the present session are concerned, the statute must have been suspended, or the necessary supplies could not be obtained in due season to be available. It has been, therefore, properly suspended by the concurrent resolution already adopted and can be again and further suspended as occasion may require. Such suspension, however, should be strictly limited in time and in the particulars which the necessities of the occasion require. An indefinite suspension which would have the effect of a repeal cannot be accomplished by such a resolution.

Undoubtedly the State Treasurer may be required to expend money from the State Treasury in settlement for supplies procured under the authority of such a concurrent resolution, provided the requirements of the Constitution in the purchase of such sup-

plies are duly followed.

The conditions under which such supplies can be procured are set forth in Section 8, Article 15, of the Constitution, as follows:

"All stationary, printing, paper and fuel used in the legislative and other departments of Government, shall be furnished, and the printing, binding and distributing of the laws, journals, official reports, and all other printing and binding, and the repairing and furnishing the halls and rooms used for the meetings of the General Assembly and its committees, shall be performed under contract to be given to the lowest responsible bidder below such maximum price and under such regulations as shall be prescribed by law. Such bids shall be opened in the presence of the persons making the bids or their representatives."

In view of the formalities prescribed by the Constitution for the passage and approval of a concurrent resolution, I am of the opinion that such a resolution would have the full effect of a statute for authorizing the purchase of legislative supplies, provided it suspended the Board of State Supplies Statute in the necessary particulars, and followed the provisions of the section of the Constitution just quoted in the purchase of such supplies. Of course a resolution cannot, any more than a statute, nullify or disregard express provisions or prohibitions of the Constitution.

A joint or concurrent resolution, when operating upon the matters and within the scope to which it may properly be applied is as binding upon the State Treasurer and all other officers and persons affected by it, as a statute would be.

The opinion here expressed is fortified by the provisions of Section 6, Article 8, of the Constitution, which are as follows: "No money shall be drawn from the treasury but pursuant to an appropriation made by Act of the General Assembly; provided, however that the compensation of the members of the General Assembly and all the expenses connected with the session thereof, may be paid out of the Treasury pursuant to resolution in that behalf."

This section of the Constitution must be construed together with other parts of the Constitution, including Section 8, Article 15, concerning the purchase of State supplies, quoted ea r

in this Opinion, and is wholly consistent with the Act creating the Board of State Supplies. It clearly recognizes however, that a proper draft upon the State Treasury may be made for certain legislative expenses through and by means of a resolution. Where the statute which was intended to cover the purchase of legislative and other supplies is incapable of operation and has been properly suspended, either expressly or by necessary implication, so far as legislative supplies are concerned it leaves the legislature in possession of the power to pay the expenses of the session by resolution.

To meet the present exigency relative to the payment of all expenses connected with this session of the General Assembly, I am of the opinion that the General Assembly have the power and right to duly pass a concurrent resolution, subject to the approval or veto of the Governor, suspending, generally, the operation of the Act creating the Board of State Supplies, so far as such expenses are concerned; that, if such a resolution is duly passed and approved, the House of Representatives and Senate may severally, by resolution adopted in each body respectively, pay all the expenses connected with this session, incurred by the Senate or House. I see nothing in the Constitution which requires that such resolution for the payment of such expenses shall be joint or concurrent.

So far as such expenses involve the procuring of the things enumerated in said Section 8, Article XY of the Constitution, the Senate and the House are each bound to observe the requirements of that section, that they shall be procured under contract to be given to the lowest responsible bidder, and that bids therefor shall be opened in the presence of the persons making the bids, or their representatives. The things enumerated in this Section of the Constitution which should be noted in this connection would clearly include all stationery, printing, paper and fuel used in the legislative department.

In accordance with the foregoing principles, I am of the opinion that the State Treasurer would have no authority to pay for any stationery, printing, paper or fuel heretofore purchased for use at this session by the legislature, unless it was furnished upon competitive bidding by the lowest responsible bidder.

I am also of the opinion that copies of the laws of previous sessions of the General Assembly since the latest revision of the

Code and copies of such Revised Code, and all other necessary supplies not included in the words "stationery, printing, paper and fuel," or other things described in said Section 8, Article 15 of the Constitution, can be procured by the Senate or house without competitive bidding. No member will have the right to treat as his own property such copies of the laws or Code, or any other supplies furnished for the use of the General Assembly unless it shall be charged to him in the Twenty-five dollars (\$25.00) allowed by the Constitution to each member to cover supplies furnished to him as a member.

Respectfully submitted,

H. H. WARD.

On motion of Mr. T. O. Cooper the House gave the attorney a rising vote of thanks for his opinion.

To the Honorable House of Representatives.

Gentlemen:

In conformity with a resolution passed by your body yesterday morning, the undersigned were appointed a committee to investigate the financial affairs of the State and report the same back to the House.

We have the honor to submit the following report and recommendation:

We called on the State Treasurer, who was very courteous to us, and he gave us all the information we asked.

We submit herewith a statement showing the probable receipts for the coming year, and also one showing the expenses fixed by law, which will have to be met.

The probable receipts you will notice are in round figures \$397,000.00 with the expenses fixed by law of \$381,000, in round figures, to which must be added about \$30,000.00 to cover expenses of the current session of the General Assembly, which would make the expenses \$411,000.00, which would show a deficit staring us in the face of \$14,000.00.

We wish to especially call your attention to a three per centum Bond issue of \$250,000.00, which is due and must be paid

June 1st of this year, and for which provision must be made.

We would recommend to the consideration of the House that immediate means be taken to provide ways for securing a proper revenue to run the State Government in a proper way without having to provide for a deficit every year. And we would suggest that this committee be added to by an addition of two members and instructions be given them to report, say in fifteen days, a revenue bill providing for the raising of an increased revenue over what the State is now receiving, so that the House will then be in a position to act on any legislation proposed by said committee, as in our judgment it is very important that this should be given immediate attention, and as we understand the law, all bills for raising revenue must be originated in the House.

Journal read and approved.

To the House of Representatives of the State of Delaware :

The Committee of Philanthropic Labor of the Wilmington Monthly Meeting of Friends (held at 4th and West Streets), believing that the whipping post is of no value in preventing crimes, or reforming the criminal, but is brutal, and degrading in its effect on both the culprit and the on-looking public—and that its use is opposed in the enlightened spirit of the times and a disgrace to the State—respectfully ask that the Legislature pass a law abolishing its use as a means of punishment for criminals in Delaware.

Signed on behalf of the Committee.

Chairman, D. I. K. EVANS,

Secretary, MARY K. EVES,

Wilmington, Delaware.

An Act prohibiting Express companies doing business in this State from making over charges or collecting charges on packages sent into this State, when the expressage has been paid by sender, and prescribing a heavy fine and imprisonment for the violation thereof.

Whereas the members of the Levy court of New Castle County, by personal observation of the overcrowded condition of the Delaware Industrial School for Girls, arising from the increasing number of persons committed to it by the courts, have fully realized the imperative present necessity of an additional building for the School, in order that the important reformatory work done there should not be hindered, but rather that fuller scope should be given to such work;

And whereas it has been represented to this body by the managers of the School, that there is an urgent need of an appropriation of ten thousand dollars toward the cost of erecting a suitable new building, the estimated cost of which will be about twenty thousand dollars, and that the balance of such cost will be raised by contributions from private sources;

Therefore, resolved that it is the sense of the members of the Levy Court that the sum of ten thousand dollars should be appropriated by it toward the cost of erecting a new building for the Delaware Industrial School for Girls, provided, that the appropriation shall not be available or paid until the Treasurer of said School shall have certified to the Levy Court that a like sum of ten thousand dollars has been received from other sources, for the cost of erecting said new building.

Resolved further, that the Levy Court approve of the passage by the General Assembly of an Act authorizing the making of such appropriation by the Levy Court under the terms above mentioned;

Resolved also that a certified copy of these resolutions and of the preamble thereto be sent by the Clerk to each branch of the General Assembly.

Adopted by the Levy Court of New Castle County January 22, 1907.

To the Honorable the General Assembly of the State of Delaware;

Gentlemen:

The State Library Commission, organized under the Act of March, A. D , 1901, amended by the Act of March 1903, respectfully submit the following report.

As stated in our report to the last General Assembly the Commission during the first two years of its existence made strenuous effort by correspondence and personal appeals to the intelligent citizens of many of the towns in the State to establish Free Libraries as an aid to education which is everywhere acknowledged to be conducive to good citizenship.

Though not as successful in its efforts as the commission hoped to be, yet in two of the most important towns, Dover and Odessa, in which excellent Libraries had been for many years established and conducted on the subscription plan, (at a very small annual charge) the managers determined to convert them into Free Libraries under the Act of 1901, and they are now con-

ducted under the provisions of the Act as amended in 1903, making "School Districts the center of Free Libraries." The books, the cases and other property of the companies have been freely given to the new organization, affording a substantial foundation for enlargement. Each of these Libraries has acquired by purchase or gift a carefully selected list of books which were catalogued, classified and arranged in cases, and readily available to the "Free District Library" organizations.

In the last two years the State Library Commission has devoted special attention to the maintenance and circulation of traveling libraries commencing with a few cases, holding each about fifty books; the number has been increased to fifty-six cases. These libraries are in the care of Miss Ida Culbreth, a capable librarian, and are sent out to applicants to all parts of the State under rules for the guidance of the temporary custodian to care for and keep the books in circulation; fines are imposed if books are lost or damaged or cases detained overtime. Many of these libraries are sent on application to teachers of the village or country schools and are highly appreciated. It requires a great deal of personal attention on the part of the librarian to manage this business systematically and successfully. In exchanging the returned cases for others, care is taken that they are not duplicated and a new supply of books must be constantly on hand to replace those that are worn or to afford attractive reading. So efficient has the work been that but a small loss in books has been incurred and the Womans' Clubs of Wilmington and Dover who first started this traveling library movement, have turned their libraries over to the State Commission, as being better prepared to conduct the business in a systematic way and by a trained librarian.

Miss Culbreth is deserving of the highest recommendation for the enthusiastic and efficient way in which her work has been done.

We believe the circulation of these libraries afford the best possible means of awakening in the young pupils of our public schools a fondness for reading and we hope will arouse in older people, particularly of our larger towns, a sense of the importance of establishing free libraries for the benefit of all who come within their beneficent influence.

### THE STATE LIBRARIAN.

Mr. Thomas W. Wilson, in addition to his duties as Secretary to the Commission has acted as its Treasurer during the last two years. The Commission is under obligations to him for his efficient services, as shown by the annexed statement of the Treasurer; the expenses have been within the appropriations of the Commission.

We also submit a short statement of the Librarian, which gives somewhat more in detail the distinctive character of this work and the way in which it is conducted.

Respectfully submitted,

M. HAYES,

President.

### THE STATE LIBRARY COMMISSION.

#### Statement of Librarian.

The Librarian presents the report of the State Traveling Libraries of Delaware for the year 1906.

During the year four new libraries of forty-six volumes each were added to the collection, making a total of fifty-six traveling libraries. These small libraries have been loaned to schools, Sunday Schools, Associations and Granges throughout the State and the demand for them has been, and is at the present time, greater than the supply. The libraries were circulated one hundred and nineteen times, and they were distributed in the three counties as follows: thirty eight were sent to New Castle, fifty-four to Kent and twenty seven to Sussex. The circulation of books was fully 11,942. It is not always possible to give the exact number as occasionally a new borrower fails to keep a record of the books loaned while the library was in his care.

During the year not more than six inexpensive books were lost, but a large number of old and worn volumes were replaced by new ones. The Commission also supplied five of the Women's Clubs in the State with books for their study classes; and assistance was rendered a number of teachers who were pursuing a special course of study. There is a growing demand for both schools and clubs for books, and the outlook for the work for the coming year is most gratifying.

Respectfully submitted,

I. CULBRETH,

Librarian.

Mr. Paradee presented the following communication:

Which on motion of Mr. Keenan was ordered spread on the minutes.

Dover, Delaware, January 14, 1907.

To the Honorable the Senate and House of Representatives of the State of Delaware in General Assembly met:

Gentlemen:

The People's League of Delaware, by unanimous action this day taken through its recently chosen representatives, respectfully and earnestly memorializes for the passage at the present session of the General Assembly the following:

1. A law requiring lobbyists to publicly register with the Secretary of State the names and addresses of themselves and each of their employers under suitable regulations and penalties as is required by law in many other States. They should be required to state upon the record each bill they favor or oppose.

Those with an open, honest purpose or honorable retainer will not object to thus following the practice required in the courts of disclosing publicly the cause in which they appear. Others should be regulated or abated on the ground of public policy.

2. Suitable legislation establishing the Initiative and Referendum as demanded by the people at the recent election by the remarkable vote of 17,405 for, to only 2,134 against the measure; or eighty-seven to only thirteen per cent.

You will, no doubt, as the chosen representatives of the people, fully and gladly respond to their will, seeing that the provisions are such as to work no injustice to the people of any part of the State.

3. Submission of Local Option, as asked, to the vote of the people. This organization favors the measure, not on the ground of temperance, but as the people's constitutional right.

The principles of self-government, and the right of the majority under a Republican form of government to express its will and have it respected, are sufficient, we believe, to induce you to respond to the general desire of the people on this matter, however much individual opinions may differ on the merits of the question itself.

Your understanding of these matters is so perfect, and you

have at your command legal counsel of such ability and experience, we refrain from submitting herewith precise copies of bills.

Assuring you of our full confidence and respect, and appreciating the many difficulties in connection with the discharge of your important duties, we remain,

Very respectfully yours,

THE PEOPLES LEAGUE OF DELAWARE,

By ALFRED O. CROZIER,

President.

Attest:

MORRIS N. WEBB,

Secretary.

On motion of Mr. Baggs the following communication was accepted and ordered spread on the minutes.

Smyrna, Del., January 1, 1907.

To the Members of the Legislature of the State of Delaware in General Assembly met:

Honored Sirs:--

At a State Convention, held by the Colored District School Commissioners at Dover, February 11, 1905, among other things asked was that the office of Colored State Superintendent be

Schools be created, the duty of said official to have supervision of the Colored Schools of the State.

The grounds for asking that said office be created, was that the adjourned session of the Legislature of 1898, in enacting laws to conform with the new State Constitution, interpreted a clause in said Constitution as prohibiting a white man from supervising the Colored Schools, and the present School law of the State was made in conformity with that interpretation.

Here is what the Constitution says:—

“No distinction shall be made on account of color, and separate schools for white and colored children shall be maintained.”

The State School Law says:—

“Whenever the State Board of Education shall hear any appeals, or take under consideration any matters concerning the Free Schools for Colored Children in this State, or teachers or officers over such Schools, the President of the State College for Colored Students shall sit as a member of said State Board, instead of the President of Delaware College. No white person shall have a right to vote at any meeting of colored school voters in any district, and no colored person shall have a right to vote at any meeting of white school voters in any district.”

In view of the above facts it seems to us that there can be no argument against granting our humble request, and if it be refused, then we feel that you should repeal the “Jim Crow” features of the School Law, and thereby do away with separate school elections, and put both white and colored schools entirely under the same Board of Control.

Respectfully submitted,

A. B. RUFFIN,	M. M. BEAMER,
A. L. GUY,	REV. WM. STEWART,
J. W. PEMBERTON,	W. H. HENRY.

Wilmington, Del., Feb. 8, 1907.

House of Representatives,

Dover, Del.,

Gentlemen:-

This Commission has received from the Clerk of your House, a certain resolution in reference to Section 2 of House Bill 135 entitled, "An Act Providing Uniform Laws to Regulate the Catching and Taking of Fish in the Delaware River and Bay between the State of Delaware and the State of New Jersey," and your request that the Commission make a full and complete statement of all the grants of private rights of fishery in the Delaware River and Bay between said States by the State of New Jersey. If you will examine the compact and especially the third article of it you will find the provision of law that you inquire about is embodied in the Compact as printed on page 14, Volume 23, Laws of Delaware, with which this Commission had nothing to do. This Commission simply incorporated the same provision in the

above mentioned Act as a matter of information. The provision in reference to private rights of fishery is the law now, the same having been enacted by the Legislature of Delaware and the Legislature in New Jersey, ratified by Congress.

The mere fact of its being inserted in the Act is immaterial and has no additional force. This renders it immaterial whether or not the State of New Jersey has prior to this Compact, granted valid private rights of fishery in said waters. As a matter of fact upon inquiry of the Commissioners for New Jersey relative to this matter, this Commission was informed that no such grant of a private right of fishery in said waters exists. The New Jersey laws in reference to private fisheries or pools, relate more particularly to the inland waters of their State.

Respectfully,

ALEX. B. COOPER,

WM. H. HILLES,

WALTER H. HAYES.

Commissioners of Delaware.

Nays—Messrs. Cann, Cooper, T.L., Corbit, Flinn, Harrington, Holcomb, James, Keenan, Lambden, McCafferty, Paradee, Staats, Mr. Speaker—13.

So the question was decided in the negative, and the bill not having received the required constitutional majority,

Was declared

Lost.

Mr. Sterner, Clerk of the Senate being admitted, informed

the House that the Senate had adopted the following House Concurrent Resolution,

House Concurrent Resolution No. 7, entitled:

Be it resolved by the House of Representatives of the State of Delaware, in General Assembly met, the Senate concurring therein,

That the Senate and House of Representatives meet in joint session on Wednesday, February 13th, at eleven thirty o'clock, a. m., for the purpose of considering House Bill No. 47, entitled: "An Act regulating the practice of medicine and surgery in this State.

And returned the same to the House.

On motion of Mr. Baggs the following communication from the Governor was ordered spread on the minutes.

To the General Assembly:-

In my biennial message to you under date of January 1, 1907, a general reference was made to the "Compact between the State of New Jersey and the State of Delaware, relating to the boundary controversy between said States," which was adopted and ratified by the Legislatures of each of said States, and under its provisions duly submitted to the Congress of the United States, for its consent and approval in these words:

"Ratification of said Compact or agreement was not had during the first session of the Fifty-Ninth Congress, but it is expected that this measure will be finally disposed of during the present session of Congress."

Since then the present session of Congress has consented to and approved of the said compact, and it hereby became and is binding, with all the force and effect of a law, upon both said States.

Under its terms the faith of this State was pledged to carry out its provisions. One of these provisions was, that each of the said States should appoint three Commissioners, for the purpose of drafting uniform laws to regulate the catching and taking of fish in the Delaware River and Bay between the said two States. These Commissioners were duly appointed and have performed

their duty. The Commissioners for Delaware have recently made a full report to you as required by law and have presented to you for enactment into a law a bill being House Bill Number 135 entitled, "An Act Providing Uniform Laws to Regulate the Catching and Taking of Fish in the Delaware River and Bay between the State of Delaware and the State of New Jersey." A similar bill has been submitted to the Legislature of New Jersey. These bills have been agreed to by all the Commissioners of both States, as appears by their certificate of approval thereto attached. In addition to this they state that the bills so drawn by them for each of the said States have been submitted to and approved by the Attorney General of each of said States.

In view of this, and in view of the conditions as they now exist, I deem it most important to call your attention to the matter, and to especially urge upon you the passage of the bill before you. Thus setting at rest an old and vexatious question as to the right and regulation of fishing in the Delaware River and Bay between these two neighboring States.

Beside the faith of the State has been pledged in Article IV of the Compact to the enactment of this law; this faith should be upheld without hesitation or delay. I may also add that the fishing season for the coming year is rapidly approaching, and the fishermen are justly entitled to enjoy all the rights and privileges given to them by this bill which can only be secured by its speedy enactment.

Feb 11th, 1907.

Which motion

Prevailed.

House Concurrent Resolution No. 4, from Kansas.

Whereas, there is a widespread and rapidly growing belief that the Constitution of the United States should be so amended as to provide for the election of the United States senators by the direct vote of the people of the respective States, and

Whereas other amendments to the United States Constitution are by many intelligent persons considered desirable and necessary and,

Whereas, the Senate of the United States has so far neglected to take any action whatever upon the matter of changing the manner of electing United States Senators, although favorable action upon such proposed change has several times been unanimously taken by the House of Representatives,

Therefore, Be it resolved by the House of Representatives of the State of Kansas, the Senate concurring therein, that the Legislature of Kansas in accordance with the provisions of Article 5 of the Constitution of the United States, hereby apply to and request the Congress of the United States to call a convention for the purpose of proposing amendments to the Constitution of the United States, and

Resolved, that we hereby request our Representatives in Congress, and instruct our United States Senators to bring this matter to the attention of their respective bodies and to try and induce favorable action thereon, and

Resolved further that the Secretary of the State of Kansas is

hereby directed to forthwith transmit a certified copy of these resolutions to the Vice President of the United States, the Speaker of the House of Representatives in Congress, and to each of the Representatives and United States Senators in Congress from Kansas, and to the Speaker of the House of Representatives of each State in which the Legislature is now or soon to be in session.

I hereby certify that the above concurrent resolution originated in the House and passed that body January 23, 1907.

J. S. SIMMONS,

Speaker of the House,

D. Y. WILSON,

Chief Clerk of the House.

Passed the Senate February 5, 1907.

W. J. FITZGERALD,

President of the Senate,

W. S. KRETSINGER,

Secretary of the Senate.

Approved February 6, 1907.

E. W. HOCH,

Governor.

State of Kansas,

Office of the Secretary of State.

I, C. E. Denton, Secretary of State of the State of Kansas, do hereby certify that the above and foregoing is a correct copy, of the original enrolled resolution now on file in my office.

In testimony whereof, I have hereunto subscribed my name and affixed my official seal, this 9th day of February, 1907.

C. E. DENTON,

Secretary of State,

By J. T. BOTKIN,

Asst. Secretary of State.

[Seal]

To the Speaker and Members of the House of Representatives.

The special Committee on Revenue and Taxation begs leave to submit the following report:

Immediately after its organization the Committee held a conference with the State Treasurer. It was learned that there is a deficit in the State Treasury, and also that the two hundred and fifty thousand dollar three per cent. bond, issue of 1887, is due June the first, of this year. As there are no funds in the State Treasury to meet these bonds at maturity, it will be necessary for this General Assembly to enact a law empowering the State Treasurer to borrow two hundred and fifty thousand dollars and issue bonds therefor. After careful consideration the committee believes that in the present condition of the money market it is advisable that the bonds bear interest at a rate exceeding three per centum.

This money was borrowed originally for the purpose of aiding either the Junction and Breakwater Railroad Company or the Breakwater and Frankford Railroad Company, and bore interest at six per cent. The Company receiving the money gave mortgage to the State bearing interest at the same rate. The bonds issued by the State were subsequently refunded at four per cent. and the rate of interest on the mortgage correspondingly reduced. The bonds were again refunded at three per cent in 1887, and in 1891 the interest on the railroad mortgage was also reduced to three per cent. The Committee therefore recommends that the money be borrowed at four per cent. and that the railroad company be asked to pay the same rate on the mortgage against it held by the State.

The Committee has given the subject of taxation careful consideration, and while it is not prepared to say that its report is as complete as it would have been if more time had been at its disposal, it does believe that if its recommendations are approved that enough additional revenue will be raised to amply meet the expenses of the State government. If this is done it will be comparatively easy for a committee of the next General Assembly to supply or remedy any defects in our revenue laws which may be found then to exist.

The Committee makes the following recommendations:

First. A State tax upon all public service corporations.

Whereas the members of the Levy Court of New Castle county by personal observation of the overcrowded condition of

the Delaware Industrial School for girls, arising from the increasing number of persons committed to it by the Courts, have realized the imperative present necessity of an additional building for the School, in order that the important reformatory work done there should not be hindered, but rather that fuller scope be given to such work.

Now therefore be it resolved, that it is the sense of the members of the Levy Court, that the amount paid to said School for maintenance and instruction of each person now in said School under the Act of the Legislature, approved March 27, A. D. 1905, Chapter 42, Vol. 23, of the Laws of Delaware, should be increased from twenty-five cents to forty cents per day.

Resolved further, that the Levy Court approve of the passage by the General Assembly of an Act authorizing such increase;

And resolved also, that a certified copy of these resolutions and of the preamble thereto, be sent by the Clerk to each branch of the General Assembly.

Adopted by the Levy Court of New Castle county, February 19th, 1907.

Attest.

J. J. QUIGLEY,

Clerk of the Peace.

Mr. Speaker :—

In submitting this report we desire to call your attention to the completeness in detail of this report, and the full information given in each department of the receipts and expenditures.

This committee at its first session asked for bids for doing the work from accountants familiar with auditing, and awarded the contract to the lowest bidder, by employing Colonel Theo. Townsend as the accountant to discharge the arduous duties. The work was commenced early in January, and he has been shown every courtesy by the heads of each department, where every account, book and voucher has been opened and the closest scrutiny. invited to each item; and we are pleased to report that every penny has been satisfactorially accounted for and vouchers shown for every transaction.

The accountants work has been entirely satisfactory to this committee, and we submit the report for your consideration.

REMSEN C. BARNARD,  
SAMUEL E. REED,  
CHAUNCEY P. HOLCOMB.

## REPORT OF LEGISLATIVE AUDITING COMMITTEE.

To the Senate and House of Representatives :—

We have caused the various departments of State Government to be audited and have the honor to submit the following report as a true and correct statement of the receipts and disbursements, as disclosed by the books and vouchers.

#### OFFICE OF SECRETARY OF STATE.

The following report of the financial transactions of the Office of the Secretary of State is a correct exhibit, and is made up from the record of corporation fees for original certificates, amendments, etc., as examined by your committee; all of which is respectfully submitted, as follows :

Attention is called to the amount received from Telegraph and Telephone Companies, \$7,727.15. The largest sum by more than \$3,500 ever received during any one year from this source.

Attention is also called to the amount received from Distillers, \$2,800.00, an increase over the amount received last year from this source.

The rapid accumulations of accounts in this office has made the introduction of some system of indexing that can be easily used for quick reference and readily expanded, a necessity. The card indexing system has advantages which recommend it for the purpose, and we would recommend that provision be made for installing this or some other system that can be expanded readily with the constant increase of business.

## DEPARTMENT OF INSURANCE AND BANKING.

In this department your committee have made a very careful examination of the vast quantity of books and vouchers and have the honor to report as follows:

All the licenses, reports from Companies, blanks, Statement of taxes, accounts for filing reports and charters in the office of the Commissioner, were closely scrutinized, and we found all entries, charges and accounts properly kept and correct; and vouchers for remittances to the State Treasurer on file.

We found a difference in the amount of totaling the receipts from Fire Insurance Companies (non-Delaware) for taxes paid in 1906, between the audit made by the State Auditor, on June 4th, 1906, as of and for May 31st, 1906, and the audit made by this Committee, under date of January 30th, 1907, which amounted to One Thousand, Six Hundred and Seventeen Dollars and Forty-nine Cents, (\$1,617.49); which amount the Insurance Commissioner has paid to the State Treasurer.

The following is a summary of the receipts and amounts paid into the State Treasury for year 1906, as follows:

## Receipts.

From licenses and Certificates of Authority.....	\$ 7,251.00
From Filing Statements.....	1,450.00
From Filing Certified Copies and Charters.....	140.00
From Taxes.....	25,600.37
	<hr/>
	\$34,441.37

## Paid to State Treasurer.

Amount paid January 31st, 1906.....	\$ 245.99
Amount paid February 23rd, 1906.....	20.000 00
Amount paid June 11th, 1906.....	10,000.00
Amount paid January 2nd, 1907.....	2,577.89
Amount paid January 31st, 1907.....	1,617.49
	<hr/>
	\$ 34,441.37

This shows an increased revenue from this department over previous year, of \$1,897.64.

The cost of maintaining the department for salaries and contingent fund as follows:

Salary of Commissioner.....	\$ 2,000.00
Salary of Clerk.....	900.00
Contingent Fund.....	800.00
	<hr/>
	\$ 3,700.00

We find no revenue paid to the State by banks or banking institutions, through this department to pay the cost of supervision, printing, etc.

## DELAWARE STATE HOSPITAL.

In this institution we have been very careful on making examination of bills and vouchers; also of the accounts of receipts from all sources and expenditures made; all of which are correct and satisfactory.

The farm connected with the Hospital has been operated at a very small cost, and the labor is largely done by inmates of the institution. The same applies to the laundry and other parts of the Hospital as the books show.

The receipts were as follows:

From appropriation by last Legislature, General Fund .....	\$114,000.00
From Pay Patients and sale of farm products, Special Emergency Fund.....	12,287.12
	<hr/>
	\$126,287.12

# THE JAMESTOWN TER-CENTENNIAL COMMISSIONERS OF DELAWARE.

Dover, Delaware, Mar. 4th, 1907.

To the Hon. Speaker and Members of the House of Representatives, Dover, Delaware:

Gentlemen:-

Please note the accompanying letter which will explain itself.

It is the desire of the Board of the Jamestown Ter-Centen-

nial Commissioners of Delaware, that if in your judgement this be feasible that some provisions be made for compliance therewith.

Very truly yours,

The Jamestown Ter-Centennial Com-

missioners of Delaware,

GEO. H. DICK,

Secretary.

Norfolk, Va., March 1, 1907.

Mr. George H. Dick, Secretary,

Delaware Commission to the James-

town Exposition, Smyrna, Delaware:

Dear Sir:-

We are looking forward with great pleasure to the presence of His Excellency, the Governor of Delaware, on the opening day of the Exposition. We hope to have very elaborate and attractive ceremonies on that occasion, and have every reason to believe that we shall have from 20 000 to 25,000 soldiers and sailors in line, in addition to the Governors and their staffs, and the other official representatives from the States of the Union.

If not inconsistent, I write to suggest that if possible you arrange to have a military escort accompany the Governor, or send such of your National Guard as you think could be detailed for this purpose. The time being short it seems to me that the Adjutant General might detail some officer of the National Guard, who would take up the particulars with you and see what arrangement could be made.

I bring this matter to your attention with the hope that something may come of it.

Yours very truly,

G. T. SHEPPERD,

Secretary.

To the House of Representatives:—

I hereby return to the House of Representatives House Bill No. 57, entitled: "An Act to require an annual apportionment and accounting of surplus of life insurance companies as to policies heretofore issued." without my approval.

My reasons for withholding such approval are that accumulated dividend policies, issued by mutual insurance companies, have heretofore been written by such companies in Delaware without violation of law. This Bill, if it became a law, would be retroactive. Legislation of this character is not looked upon with favor by the Courts, and can only be justified where the injury has been great or the proposed benefit is necessary. The furnishing of detailed statements, as required by this Bill, would entail great expense upon the companies and be of no immediate or ultimate value whatever to the insured.

The bill also is open to the objection that it would operate on policies of insurance effected outside the State, for the insurance of persons who live in other States and foreign countries. The bill is not limited to policies written for the benefit of citizens of this State but applies to all policies heretofore written by mutual life insurance companies transacting such business in this State.

STATE OF DELAWARE

vs.

JOHN BOOZER, alias  
CHARLES THORN.New Castle County,  
September Term, 1904.  
Indictment, Murder of the  
First Degree.

Whereas, on the fifteenth day of February, A. D. 1905, the Governor of the State of Delaware granted unto the above named defendant a reprieve of the judgment of the Court of Oyer and Terminer of the State of Delaware, imposed in the above entitled case, which said reprieve is in the following language, to wit :

“At the September term of the Court of General Sessions of the State of Delaware, in and for New Castle county, one John Boozer, alias Charles Thorn, was indicted upon a charge of the crime of murder of the first degree, and at a Court of Oyer and Terminer of the said State of Delaware, sitting in and for the said county of New Castle, and beginning on the twenty-first day of September, in the year of our Lord, one thousand nine hundred and four, the said indictment against the said John Boozer, alias Charles Thorn, under and by virtue of a writ of certiorari, duly issued, was certified to the said Court of Oyer and Terminer, in which said Court of Oyer and Terminer the said John Boozer, alias Charles Thorn, was arraigned and upon his arraignment pleaded not guilty, and the said cause was thereupon continued to the next term of the said court, at which said next term of the said Court of Oyer and Terminer, to wit, the term beginning on the twenty-eighth day of November, in the year of our Lord, one thousand nine hundred and four, the said John Boozer, alias Charles Thorn, was tried upon the said indictment and upon such trial was found guilty in manner and form as indicted; whereupon it was adjudged by the said Court of Oyer and Terminer that the said John Boozer, alias Charles Thorn, should be taken from the bar of the court to the New Castle County Workhouse, and there safely and securely detained until the seventeenth day of February, A. D. 1905, and that on that day, between the hours of ten o'clock in the forenoon and four o'clock in the afternoon, he be hanged by the neck until dead.

And whereas, it has been represented to our Governor that the above is a proper case for Executive interposition and it seeming meet to our said Governor so to do ;

Now, therefore, I, Preston Lea, Governor of the State of Delaware, by virtue of the authority in me vested by the Constitution of the said State, in that behalf, have granted and by these presents do grant unto the said John Boozer, alias Charles Thorn, a reprieve of the said judgment of the said court for the period of twenty-eight (28) days from the said seventeenth day of February, A. D. 1905, whereby the execution of the said judgment of the said Court is suspended from the said seventeenth day of February, A. D. 1905, until the seventeenth day of March, A. D. 1905, upon which last mentioned day the said judgment of the said court shall be duly executed, between the hours and in the manner therein prescribed."

And whereas, the Board of Pardons of the State of Delaware, on the second day of March, A. D. 1905, did make a recommendation to the said The Governor of the State of Delaware, in the following language, to wit :

"To His Excellency,

Preston Lea,

Governor of Delaware.

We, the undersigned, members of the Board of Pardons, after a hearing in the application for pardon of John Boozer, alias Charles Thorn, convicted at the November term, A. D. 1904, of the Court of Oyer and Terminer of the State of Delaware, in and for New Castle County, of murder in the first degree, to whom your Excellency did, on the eleventh day of February, A. D. 1905, grant a reprieve of the judgment of said court until the seventeenth day of March, A. D. 1905, recommend the further reprieve of said judgment of said court until the fourteenth day of April, A. D. 1905, for the purpose of hearing certain testimony not produced at the trial.

I. T. Parker,  
J. R. Nicholson,  
Jos. L. Cahall,  
Thos. N. Rawlins,  
Geo. H. Dick."

Now, therefore, I, Preston Lea, Governor of the State of Delaware, by virtue of the authority in me vested by the Con-

stitution of the said State in that behalf, have granted, and by these presents do grant unto the said John Boozer, alias Charles Thorn, a further reprieve of the said judgment of the said Court, for the period of Twenty-eight (28) days from the said seventeenth day of March, A. D. 1905; whereby the said execution of the said judgment of the said Court is suspended from the said seventeenth day of March, A. D. 1905, until the fourteenth day of April, A. D. 1905, upon which last mentioned day the said judgment of the said Court shall be duly executed between the hours and in the manner therein described.

[Seal]

In testimony whereof, I have hereunto set my hand and caused the Great Seal of the said State to be affixed at Dover, this 13th day of March in the year of our Lord, one thousand nine hundred and five, and of the Independence of the United States, the one hundred and twenty-ninth.

By the Governor:

PRESTON LEA.

JOS. L. CAHALL,

Secretary of State.

---

This day the Governor, upon the recommendation of the Board of Pardons, after a full hearing in the application for pardon of John Williams, convicted as John Boozer, alias Charles Thorn, at the November Term, A. D. 1904, of the Court of Oyer and Terminer of the State of Delaware, in and for New Castle County, of the crime of murder, and sentenced to be hanged by the neck until dead, granted a third reprieve until October 13th, 1905, for the following reason, viz :

Because of evidence produced before the Board of Pardons, that the said applicant was a laborer at Pinners' Point, Virginia, in the employ of the Southern Railroad Company, during the month of December, A. D. 1897, at the time the murder was committed, and to give opportunity to produce additional evidence in support or rebuttal.

This day the Governor upon the recommendation of the Board of Pardons, gaanted a full Pardon unto William Till, as follows:

THE STATE OF DELAWARE, SS.

STATE OF DELAWARE

vs

SHADRAC TRUSTY

AND

WILLIAM TILL

New Castle County.

No. 12 to November Term, 1873.

Indictment Larceny.

At the November term of the Court of General Sessions of the Peace and Jail Delivery of the State of Delaware, in and for New Castle County, one William Till was indicted, arraigned and tried for the crime of larceny, and upon such trial was found guilty thereof, whereupon it was adjudged by the said Court that the said William Till should pay restitution money the sum of Eighty Dollars and costs of prosecution, and on Saturday, November 22nd be whipped with ten lashes and be imprisoned for six months, commencing November 22nd, 1873, and ending May 21st, 1874, and for six months next after his discharge from prison shall wear a convict jacket as an outer garment for a badge of crime.

Whereas, by the Constitution of the State of Delaware, the said conviction of the said William Till deprived and still deprives him of enjoying the rights of an elector of this State:

And whereas, a majority of the Board of Pardons, after a full hearing, have recommended in writing, that a full and unconditional pardon be granted to the said William Till, he having served out the term for which he was sentenced.

Now, therefore, I, Preston Lea, Governor of the State of Delaware, by virtue of the authority in me vested by the Constitution of the said State, in that behalf, have and do hereby grant a full and unconditional pardon to said William Till to and for which the said William Till was sentenced by the judgment of the said Court, as aforesaid,

In testimony whereof, I have hereunto set my hand and caused the Great Seal of the said State to be affixed at Dover, this Ninth day of August in the year of our Lord one

STATE OF DELAWARE

vs.

JOHN BOOZER, alias  
CHARLES THORN.

New Castle County.

September Term, 1904.  
Indictment, Murder of the  
First Degree.

At the September Term of the Court of General Sessions of the State of Delaware, in and for New Castle County, one John Boozer, alias Charles Thorn, was indicted upon a charge of the crime of murder of the first degree, and at a Court of Oyer and Terminer of the said State of Delaware, sitting in and for the said county of New Castle, and beginning on the twenty-first day of September, in the year of our Lord, One thousand nine hundred and four, the said indictment against the said John Boozer, alias Charles Thorn, under and by virtue of a writ of certiorari, duly issued, was certified to the said Court of Oyer and Terminer, in which said Court of Oyer and Terminer the said John Boozer, alias Charles Thorn, was arraigned and upon his arraignment pleaded not guilty, and the said cause was thereupon continued to the next term of the said court, at which said next term of the said Court of Oyer and Terminer, to wit, the term beginning on the twenty-eighth day of November, in the year of our Lord One thousand nine hundred and four, the said John Boozer, alias Charles Thorn, was tried upon the said indictment and upon such trial was found guilty in manner and form as indicted; whereupon it was adjudged by the said Court of Oyer and Terminer that the said John Boozer, alias Charles Thorn, should be taken from the bar of the Court to the New Castle County Workhouse, and there safely and securely detained until the seventeenth day of February, A. D. 1905, and that on that day, between the hours of ten o'clock in the forenoon and four o'clock in the afternoon, he be hanged by the neck until dead.

And whereas, upon the recommendation of the Board of

Pardons at sundry times, the said John Boozer, alias Charles Thorn, have been granted from time to time reprieves of said judgment until the 13th day of October, A. D. 1905:

And whereas, a majority of the Board of Pardons, after a full hearing have recommended in writing that the said John Boozer, alias Charles Thorn, be granted an additional reprieve until the 16th day of March, A. D. 1906;

And whereas it seeming meet to said Governor so to do;

Now, therefore, I, Preston Lea, Governor of the State of Delaware, by virtue of the authority in me vested by the Constitution of the said State, in that behalf, have granted and by these presents do grant unto the said John Boozer, alias Charles Thorn, a reprieve of the said judgment of the said Court for the period of one hundred and fifty-four (154) days from the said Thirteenth day of October, A. D. 1905, whereby the execution of the said judgment of the said Court is suspended from the said Thirteenth day of October, A. D. 1905, until the sixteenth day of March, A. D. 1906, upon which last mentioned day the said judgment of the said Court shall be duly executed, between the hours and in the manner therein prescribed.

[Seal]

In testimony whereof, I have hereto set my hand and caused the Great Seal of the said State to be affixed at Dover, this fifth day of October in the year of our Lord, one thousand nine hundred and five, and of the Independence of the United States the one hundred and thirtieth.

By the Governor:

PRESTON LEA.

JOSEPH L. CAHALL,

Secretary of State.

This day the Governor upon the recommendation of the Board of Pardons, after a full hearing granted a full pardon unto Thomas Wooters, convicted at the April Term, A. D. 1905, of the Court of General Sessions of the State of Delaware, in and for Kent County, of the crime of breaking into outhouse with intent to commit felony, and sentenced by said Court to pay the sum of \$6.25 restitution money to Job Kemp, that on Saturday

April 29, 1905, between the hours of 10 A. M. and 2 P. M. he be whipped with twenty lashes, that he be imprisoned one year commencing April 27, 1905, and ending April 26, 1906, and pay the costs of prosecution, for the following reasons, yiz:

That the said Wooters has been a model prisoner, behaving himself at all times during his term of imprisonment; that said Wooters apprised the Sheriff of an attempt to break jail in time to prevent the escape of several long term prisoners; that said Wooters at great personal risk when certain desperate prisoners had made a successful attack upon the Jail Warden, rushed to the assistance of said Warden and together with said Warden prevented a general jail delivery.

of Oyer and Terminer that the said John Boozer, alias Charles Thorn, should be taken from the bar of the court to the New Castle County Workhouse, and there safely and securely detained until the seventeenth day of February, A. D. 1905, and that on that day, between the hours of ten o'clock in the forenoon and four o'clock in the afternoon, he be hanged by the neck until dead.

And whereas, upon the recommendation of the Board of Pardons at sundry times the execution of the sentence of the said Court has been suspended until March 16th, A. D. 1906:

And whereas, it has been represented to our Governor that the above is a proper case for Executive interposition and it seeming meet to our said Governor so to do ;

Now, therefore, I, Preston Lea, Governor of the State of Delaware, by virtue of the authority in me vested by the Constitution of the said State, in that behalf, have granted and by these presents do grant unto the said John Boozer, alias Charles Thorn, a reprieve of the said judgment of the said court for the period of one hundred and eighty-two (182) days from the sixteenth day of March, A. D. 1906, whereby the execution of the said judgment of the said Court is suspended from the said sixteenth day of March, A. D. 1906, until the fourteenth day of Sept., A. D. 1906, upon which last mentioned day the said judgment of the said court shall be duly executed, between the hours and in the manner therein prescribed.

[Seal]

In testimony whereof, I have hereunto set my hand and caused the Great Seal of the said State to be affixed at Dover, this First day of March in the year of our Lord, one thousand nine hundred and six, and of the Independence of the United States, the one hundred and thirtieth.

By the Governor:

PRESTON LEA.

JOS. L. CAHALL,

Secretary of State.

This day the Governor upon the recommendation of the Board of Pardons, after a full hearing, commuted the sentence of Albert F. Matlack, as follows:

## THE STATE OF DELAWARE, SS.

New Castle County.

September Term, 1906.

STATE OF DELAWARE

vs.

ALBERT F. MATLACK.

Information charging violation of  
Section Seven, Article Five of  
the Constitution of the State of  
Delaware.

At the September term of the Court of General Sessions of the State of Delaware, in and for New Castle County, one Albert F. Matlack, was indicted, arraigned and tried for the crime of violating Section Seven, Article Five, of the Constitution of the State of Delaware; and upon such trial was found guilty thereof; whereupon it was adjudged by the said Court that the said Albert F. Matlack should forfeit and pay a fine of five hundred dollars, be imprisoned one year, commencing October 20, 1905 and ending October 19, 1906, and pay the costs of prosecution.

And whereas, a majority of the Board of Pardons, after a full hearing have recommended in writing, that the sentence imposed upon Albert F. Matlack of one year's imprisonment from October 20, 1906 be commuted so that the term of imprisonment shall expire on the 14th day of June, A. D. 1906, at twelve o'clock M.

Now, therefore, I, Preston Lea, Governor of the State of Delaware by virtue of the authority in me vested by the Constitution of the said State in that behalf, have granted and by these presents do grant unto Albert F. Matlack a commutation of the judgment of said Court, so that the term of his imprisonment shall expire on the 14th day of June, A. D. 1906 at twelve o'clock M.

[Seal]

In testimony whereof, I have hereunto set my hand and caused the Great Seal of the said State to be affixed at Dover, this thirteenth day of June, in the year of our Lord one thousand nine hundred and six, and of the Independence of the United States the one hundred and thirtieth.

By the Governor:

PRESTON LEA,

JOS: L CAHALL,

Secretary of State.

This day the Governor, upon the recommendation of the Board of Pardons, granted a full pardon and restored the citizenship of Charles W. Jack, as follows, to-wit:

THE STATE OF DELAWARE, SS.

STATE OF DELAWARE	New Castle County.
vs.	November Term, 1903.
CHARLES W. JACK.	Indictment Assault With Intent to Commit Murder.

At the November Term of the Court of General Sessions of the State of Delaware, in and for New Castle County, one Charles W. Jack was indicted, arraigned and tried for the crime of assault with intent to commit murder, and upon such trial was found guilty thereof by a jury of his county; whereupon it was adjudged by the said Court that the said Charles W. Jack should inter alia be imprisoned for three years, commencing Nov. 27th, 1903, and ending Nov. 26th, 1906.

And whereas, the term of imprisonment aforesaid did expire on March 20th, 1906, by reason of credits of time during imprisonment for good behaviour, in accordance with the Statute in that behalf;

And whereas a majority of the Board of Pardons, after a full hearing, have recommended in writing, a full pardon and restoration of citizenship of said Charles W. Jack for the reason that said Charles W. Jack bore an excellent reputation prior to contracting the cocaine habit, which impaired his faculties, said assault having been committed while under the influence of said drug.

Now, therefore, I, Preston Lea, Governor of the State of Delaware, by virtue of the authority in me vested by the Constitution of the said State, in that behalf, have granted, and by these presents do grant a full pardon and restoration of citizenship unto the said Charles W. Jack, resultant from the sentence of the judgment of said Court, as aforesaid.

Indictment Murder of the First  
Degree.

At the September Term of the Court of General Sessions of the State of Delaware, in and for New Castle County, one John Boozer, alias Charles Thorn, was indicted upon a charge of the crime of murder of the first degree, and at a Court of Oyer and Terminer of the said State of Delaware, sitting in and for said County of New Castle, and beginning on the twenty-first day of September, in the year of our Lord, one thousand nine hundred and four, the said Indictment against the said John Boozer, alias Charles Thorn, under and by virtue of a writ of certiorari, duly issued, was certified to the said Court of Oyer and Terminer, in which said Court of Oyer and Terminer the said John Boozer, alias Charles Thorn was arraigned, and upon his arraignment pleaded not guilty, and the said cause was thereupon continued to the next Term of the said Court, at which said next Term of the said Court of Oyer and Terminer, to-wit, the term beginning on the twenty-eighth day of November, in the year of our Lord,

one Thousand nine hundred and four, the said John Boozer, alias Charles Thorn, was tried, upon the said Indictment and upon such trial was found guilty in manner and form as indicted; whereupon it was adjudged by the said Court of Oyer and Terminer, that the said John Boozer, alias Charles Thorn should be taken from the bar of the Court to the New Castle County Workhouse, and there safely and securely detained until the seventeenth day of February, A. D. 1905, and that on that day between the hours of ten o'clock in the forenoon and four o'clock in the afternoon he be hanged by the neck until dead.

And whereas, the said judgment of the Court has been reprieved in sundry times whereby the sentence of the Court has been suspended from the 17th day of February, A. D. 1905, until the 14th day of September, 1906;

And whereas a majority of the Board of Pardons, after a full hearing, have recommended, in writing, the granting of a full pardon of said John Williams, convicted as John Boozer, alias Charles Thorn, on the ground of mistaken identity, the Board having become convinced by the evidence offered that the said John Williams convicted as John Boozer, alias Charles Thorn, at the time of the commission of the crime for which he was convicted was a laborer on the Docks at Pinner's Point, Va.

Now, therefore, I, Preston Lea, Governor of the State of Delaware, by virtue of the authority in me vested by the Constitution of the said State, in that behalf, have granted, and by these presents do grant unto John Boozer, alias Charles Thorn, a full pardon from the sentence imposed by the judgment of said Court, as aforesaid.

In testimony whereof, I have hereunto set my hand and caused the Great Seal of the said State to be affixed, at Dover, this tenth day of September in the year of our Lord, one thousand nine hundred and six, and of the Independence of the United States of America, the one hundred and thirty-first.

By the Governor:

PRESTON LEA.

JOS. L. CAHALL,

Secretary of State.

This day the Governor, upon the recommendation of the Board of Pardons, granted a full pardon unto John Lingo, of Elisha, convicted at the October Term, A. D. 1902, of the Court of General Sessions of the State of Delaware, in and for Sussex County, of the crime of using a female child for immoral purposes and sentenced to pay the costs of prosecution and be imprisoned for the period of five years, commencing October 9, 1902, and ending October 8, 1907, for the following reasons, viz:

The said Lingo has been a moral prisoner, behaving himself at all times during the term of imprisonment; that said Lingo apprised the Sheriff of Sussex County of several proposed attempts to break jail by inmates of Sussex County jail to the end that the Sheriff frustrated the plans of said inmates; that said Lingo rendered aid and assistance to the Sheriff on several occasions in actual attempts to break jail by the inmates.

This day the Governor upon the recommendation of the Board of Pardons, granted a full Pardon unto Thomas Poor as follows:

THE STATE OF DELAWARE, SS.

STATE OF DELAWARE	Kent County.
vs.	October Term, 1905.
THOMAS POOR.	Indictment Assault and Battery

At the October Term of the Court of General Sessions of the State of Delaware in and for Kent county, one Thomas Poor was indicted, arraigned and pleaded guilty to the crime of assault and battery, whereupon it was adjudged by the said Court that the said Thomas Poor should be imprisoned for the term of five years commencing on October 27, 1905, and ending October 26, 1910.

And whereas, a majority of the Board of Pardons, after a full hearing, have recommended in writing, the granting a full pardon of the said Thomas Poor,

Now, therefore, I, Preston Lea, Governor of the State of Delaware, by virtue of the authority in me vested by the Constitution of the said State, in that behalf, have and by these presents do grant a full pardon unto the said Thomas Poor of

the judgment to and for which the said Thomas Poor was sentenced by the judgment of the said Court, as aforesaid, for the reason that the newly discovered evidence educed before the Board of Pardons presented a case of less gravity than that presented to the Court, which state of facts rendered the assault and battery one of trivial character.

[Seal]

In testimony whereof, I have hereto set my hand and caused the Great Seal of the said State to be affixed at Dover, this 31st day of December in the year of our Lord, one thousand nine hundred and six, and of the Independence of the United States the one hundred and thirty-first.

By the Governor :

PRESTON LEA.

JOSEPH L. CAHALL,

Secretary of State.

This day the Governor upon the recommendation of the Board of Pardons, granted a full pardon unto Amos Maston, as follows:

THE STATE OF DELAWARE, SS.

STATE OF DELAWARE

Kent County,

vs.

October Term, 1905.

AMOS MASTEN

Indictment Assault and Battery.

At the October Term of the Court of General Sessions of the State of Delaware, in and for Kent County, one Amos Masten, was indicted, arraigned and pleaded guilty to the crime of assault and battery, whereupon it was adjudged by the said Court that the said Amos Masten should be imprisoned for the term of five years commencing on October 27, 1905, and ending October 26, 1910.

And whereas, a majority of the Board of Pardons, after a full hearing have recommended in writing the granting a full pardon of the said Amos Masten,

Now, therefore, I, Preston Lea, Governor of the State of Del-

aware by virtue of the authority in me vested by the Constitution of the said State in that behalf, have granted and by these presents do grant a full pardon unto the said Amos Masten of the judgment to and for which the said Amos Masten was sentenced by the judgment of said Court, as aforesaid, for the reason that the newly discovered evidence adduced before the Board of Pardons presented a case of less gravity than that presented to the Court which state of facts rendered the assault and battery one of trivial character.
